ADMIN. OFFICER CHOICE SOON

Going To School Two Young Girls Struck By Cab

A Daly City cab driver, Harry A. Kent Jr., 23, 201 Connecticut street, allegedly struck down and seriously injured two young sisters with his machine Tuesday morning, police reported today.

Injured were: Dolores Schottman, 11, and Carol, 8. Both suffered brain concussions, multiple cuts and bruises and internal injuries.

Dolores was dragged approximately 50 feet and was the more seriously hurt, police said. The younger child's heel was badly torn. The accident occurred as the sisters crossed Mission at Ottowa avenue on their way to St. John's school.

Both children were taken to Junipero Serra hospital for treatment.

Kent, cited for violating a pedestrian right of way, told police:

"I didn't realize I had hit them, until the head of one of the children appeared over the hood of my cab."

The girls are the children of Mr. and Mrs. Edwin A. Schottman, 61 Ottowa avenue, San Francisco.

Council Holds Fast, Routine Meeting Monday

Routine business was the keynote of the regular city councitl meeting Monday night.

In a matter of minutes the council had heard several reports, passed three resolutions and adjourned.

City Engineer R. A. Klassen reported completion of improvement projects for Hillside No. 1 & No. 2, and Garden Valley. The council then authorized final payment to Klassen of a total of $9,340 for work on the three projects.

Another $6,802 was authorized by the council to be paid L. C. Smith Co. for work in the Garden Valley project.

On the income side, the council reported the sale of property at Alp and Hillside at $1,800. This is land, part of a parcel purchase, that will not be used for the new War Memorial building site.

Only other business before the council was the reading of several reports and the continuation of three abatements.

D. C. Wife Injured In Coastside Auto Crash

Seriously injured in an accident that killed one man Tuesday afternoon was Mrs. Anna M. Horn, 2, 176 Goethe street.

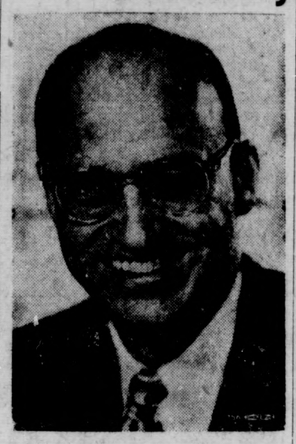
The young wife was driving the car that went out of control on the Coast Highway south of Rockaway Beach, and threw Arthur Chiarle, 33, 3512 21 street, San Francisco, from the vehicle. Chiarle died a few hours later from a skull fracture. He was the owner of the Sharp Park Plumbing Co.

Mrs. Horn suffered a compound fracture of her left leg, fracture of her spine and a head injury when she was thrown from the vehicle. She is undergoing treatment at Community Hospital.

The highway patrol stated that Mrs. Horn's car went out of control on a sweeping down hill curve, climbed a bank and rolled over at least twice.

Chiarle was thrown from the car after the first roll, landing on his head.

James Roosevelt To Talk In Colma, D. C. This Saturday



James Roosevelt, Democratic candidate for governor of California, will be in Daly City and Colma this Saturday, May 13.

Mayor Paul Green will introduce Roosevelt to residents of Daly City from the steps of city hall at 2:30 p.m. Roosevelt will deliver a short campaign talk, briefly outlining his platform for governor.

After his talk, Roosevelt will invite questions from the audience, and answer them to the best of his ability.

Then, at 3:30 p.m., he will address residents of Colma from in front of the Colma branch of the Bank of America.

Frank Garibaldi, who is in charge of the Roosevelt tour of Daly City and Colma, reports that the Democratic candidate for lieutenant governor, George Miller Jr., will accompany Roosevelt.

April Record High For D. C. Construction

An all-time monthly building record was established in Daly City during April, with $1,288,185 of construction in this area, A. J. Bodien noted today.

In fact, there was more building done last month than in the majority of years previous to 1948, Bodien said. During those early years, the city did well to reach the $600,000 mark for a year's construction.

Most of the new building was at Westlake, where Henry Boelger put up 99 new homes at a cost of $917,735.

Hillside Manor Co., also boosted the figure with 18 new homes, at $127,600, in the Abbey homestead.

Commercial building accounted for only $11,500 of the total.

Daly City's "Displaced Family" Is Still Seaching For A Home

(April 6, the Daly City Record ran a story on the Leroy Mone family. We asked for some help for the deserving family of six children. Since then, St. Vincent De Paul Society has taken up the "cause," but they need your help.

The following article was written by an unidentified gentleman who is seeking aid for the deserving family.)

Next Sunday, May 14, is Mother's Day, and for most it will be a day for family reunions with the children especially paying homage to their dear mothers throughout the land.

The florists, long distance phone lines, telegraph lines and the mails will be carrying massages of love to mothers separated from their children. Churches, too, will be crowded by those who will be remembering their mothers in a special way. But here in Daly City, six little children will be praying to be reunited with their mother so that they might show her their love and in return receive her affection.

Sometime ago there arose the ugly head of EVICTION, that dreaded foe of happy family life, and the desperate parents were forced to parcel out their children among relatives and friends who very generously volunteered to keep them until they found a new place. The days lengthened into weeks and months, and the parents despair of ever being united again under one roof in this locality. They have searched continuously for a home that will rent between $50 and $60 and have made one last appeal to the St. Vincent De Paul Society in the hope that they may locate someone in Daly City or San Francisco who has a home for rent or knows someone who does.

The St. Vincent De Paul Society has investigated the family and find them to be most worthy. Their eviction was due to the landlord requiring the property for his own use. This is not a charity case, nor is there any question of it becoming one. The children are well disciplined and are old enough to realize the value of a home.

The displaced person is a familiar term in European news dispatches. Because Europe is far away and we, as individuals, can do little about it, we close it out of our minds with an expression of sympathy. Here is a displaced person problem in our own front yard involving the happiness of eight human beings.

Sympathetic expressions will mean nothing, but sympathetic action on the part of each reader will be productive. The Daly City Record and the St. Vincent De Paul Society appeal to you who read this to make an effort to help unite this family by mentioning their plight to others, especially to those who have rental property. You can never tell the good that might result from your activity in this direction.

It was just such a conversation from which sprung the successful effort to restore the liberty of a woman who was held a prisoner in the Russian Embassy in New York. Then, too, there will be a

(Continued on Page 2)

PRIZE WINNING FLOAT IN MAY DAY PARADE

The Daly City Garden Club walked off with first prize for the best float in last Sunday's May Day parade. Garden Club officials report the whole thing cost little more than $5, and hours of labor. For a full story on the float see "Your Daly City Garden Club News" elsewhere in the paper. —Photo by Myra

MAY DAY PARADE, PAGEANT SUCCESS

Winners Announced In March Through Daly City Streets

Close to 7,000 spectators in Daly City last Sunday cheered on the spectacular May Day parade and pageant, officials reported today.

All were agreed that the third annual fete was by far the most successful such affair ever staged in this city. There were more floats, marching units, bands than ever before.

The best float in the parade, as judged by Eddie Allen and associates, was the one entered by the Daly City Garden Club. The Club, as well as all first place winners, will receive a large gold cup trophy.

Allen said today that the trophies and blue ribbons may be picked up at the mayor's office, city hall, after Monday, May 15.

Following are the winners of the various categories in the parade as reported by Allen:

FLOATS

Daly City Garden Club, 1st.

Eagles 1848 Ladies Auxiliary, 2nd.

Veteran Firemen of Daly City,

(Continued on Page 2)

Lions Nominate New Officers For Next Year

Gil O'Shaughnessy has been nominated as president of the Daly City Lions club for the coming year.

The nominating committee also listed the following men for other posts in the organization: Ira Neville, first vice-president; Hal Willis, second vice-president; Walter Rector, third vice-president; Dan Anderson, "tail twister"; R. L. Crane, secretary and John Ferrari, treasurer.

Named to the board of directors were John Grandy and Bill Anderson.

Nominations are tantamount to election, as rarely is the nominating committee opposed in its choice.

The election is to be held the latter part of this month, Willis said.

Meanwhile, several of the Lions attended the District 4-B convention in Lake County last weekend. Among those attending were Willis, Arnold Panella, Tom Laramie, Mr. and Mrs. Ira Neville and Mr. and Mrs. Walter Rector.

Willis reports the convention was a success and everyone "more than enjoyed himself."

Edgewood Terrace Civic Association Praises Merchants

Open Letter to the Daly City Record and Citizens

Dear Editor:

Members of the Edgewood Terrace Civic Association wish to take this opportunity to thank — again and again, all of those merchants whose cooperation made our May Day float possible. Without their help it would have been an impossible undertaking!

As chairman of the float committee I could write a long and very sad story (with a happy ending, of course) about the dangers and pitfalls just waiting for the innocents who decide to enter a float in any parade — they are many and deep and devious. Daly City's merchants pulled us out of several such pitfalls.

Who Are They? Well, I'll give you their names and anyone who says they aren't "right guys 'n gals" will have me to reckon with!

Frank Lombardi for batteries for our merry-go-round, garage

(Continued on Page 2)

Poppy Day In Daly City May 26 to 27

Bright red poppies are blooming profusion today at the American Legion Post No. 410 Hall, as preparations go forward for the observance of Poppy Day, May 26-27.

The flowers have arrived from Palo Alto Veterans hospital, where they were made by disabled war veterans. They are now being counted and sorted in readiness for the volunteer workers who will distribute them throughout Daly City on Poppy Day.

Mrs. Olga Bordson is chairman of the Post Auxiliary committee now preparing the poppies. She is assisted by Vivian Pahlka, co-chairman; Ethel Harris and R. Giorni.

The poppies and coin boxes for receiving contributions will be held at the Legion Hall the night of Friday, May 26.

"Each poppy has been assembled by hand by some disabled war veteran," Mrs. Bordson explained as she examined the little crepe paper flowers. "Veterans of both wars make poppies at the Palo Alto veterans hospital, deriving physical and mental benefit from the occupation, as well as earning money much needed by themselves and families. They often plead for the opportunity to make more poppies but, of course, how many they can make depends upon how many people wear on Poppy Day.

"We hope that every one of these poppies will be worn gladly and proudly by someone in our community on Poppy Day this year. Wearing one means that the wearer remembers and honors the great sacrifice made for America by those who died in the wars, and also has contributed to the wars' living victims, the disabled veterans and needy children of veterans.

Pageant Hailed As Best Yet; Thanks To Many

by Erle Johnson

The Daly City Recreation Department wants to take this opportunity to thank all of the fine people who helped make this year's May Day program a great success.

The first person to be thanked is the Weather Man. You readers should all agree that Sunday was the finest day we have had here in weeks.

It would be impossible to name all of the people who combined their efforts to help make this year's program better than ever, but we do want to name a few of the people and all of the participants that we can.

Dan Andersen did a splendid job as master of ceremonies and helped the program greatly. The Daly City Band, with George Brenner conducting, playing the Star-Spangled Banner, and Boy Scouts of Troop 249 opened the program very impressively with the raising of the flag. From the moment the flag was raised until the finale, the program was an endless procession of wonderful entertainment. The teachers of the various studios of music and dance are indeed to be congratulated for their efforts in making the program the success it was.

DANCE STUDIO

Carol Rae did a wonderful job with her people, it's hard to believe, but these children have only been taking lessons since last November. Bunnie Carrol came through with her usual talent and put forth a wonderful show, too. Bunnie's Happy Heads number was a terrific hit. This number was performed by youngsters wearing huge burlap heads and coats with built-in shoulders.

Louise Andre only presented two numbers, but these two numbers were outstanding. The first

(Continued on Page 2)

APPOINTMENT IN JUNE

Council Considers 50 Applicants For Position Of City Administrator

Selection of a city administrator for Daly City is expected in June, Mayor Paul Green announced today.

The city council is to meet the latter part of this week to consider 50 applicants for the position. These are the same applications submitted for the job of city manager . . . a post established last summer, and rescinded in favor of a city administrator in January.

None of the applicants is from Daly City, Mayor Green said, although there are some from San Mateo county.

The council will screen the applications, and then call for four or five interviews. From the interviews a man will be chosen.

"The choice probably will be made in June, with the administrator taking office July 1," Mayor Green said.

Although the administrator will have no legislative powers, he will act as an advisor to the council on all matters concerning city government. In a word, he will "pilot" city affairs, with the council having the final word on any of his recommendations.

The administrator will act as a coordinator of the various city offices and be in a position to inform the public concerning affairs of city business.

The council belives Daly City is large enough to warrant a full-time administrative officer, especially as none of the councilmen can give eight hours a day to city business.

No salary has yet been set for the administrator. This will be determined by his qualifications, Mayor Green said. However, the salary is expected to be between $400 and $600 a month.

Almost one year ago the council approved hiring a city manager. However, before a nofficial could be found, the council deemed it wiser to change the job to city administrative officer.

The two positions are almost the same, and differ only in that the administrative officer has less power to act independently of the city council than the city manager.

Thornton Beach Investigation This Friday

Investigating the status of Thornton beach this Friday will be members of the county planning commission, A. J. Bodien, commissioner, announced today.

Earlier Daly City expressed interest in possibly annexing the beach which consists of some 25 acres west of Skyline boulevard near Westlake. However, before this could be done it was necessary for the county to turn the land over to the state, and the state lease it to Daly City.

Bodien reports the commissioners will study the beach property Friday, and attempt to find the most feasible maner for acquisition of the property by Daly City.

On hand to give the state's position on the matter will be Colonel Kellton of the state park commission. Bodien will be an unofficial representative of Daly City.

The city council last February expressed an "interest" in acquiring the land, but requested further information on the status of the beach.

City Employe Five-Day Week Decision Soon

A decision on the five-day work week for city employes of Daly City is expected within the next month.

At a recent meeting of the north county mayors and councilmen a San Bruno, the five-day week was discussed. Several of the north county cities plan to put the final decision up to the voters.

Daly City, however, will no resort to the ballot, Councilman Fred Bertetta indicated today. He said he believed the council could arrive at an equitable decision without resorting to going to the voters.

Earlier city employes requested the five-day week, and the north county group took it under consideration. Presently, the police department puts in a six-day week, while other employes work 5½ days.

"I believe the council is generally in favor of the shorter work week," Bertetta said.

He indicated the matter would be settled before the city budget for the next fiscal year is drawn up. This is done July 1. However, for the most part the five-day week will not mean any pay boosts or cuts, Bertetta noted.

Firemen Save My Chimney; Mop My Floor

Handy with mop and hose, the gentlemen of the Daly City Fire department have a staunch friend today in Mrs. Bill Gray, 538 Evergreen avenue.

Last Friday morning Mrs. Gray found her chimney red hot and smoking. Fearing it would set her home on fire, Mrs. Gray put in a rush call to the hose hoisters. Before she had put the phone down, the blaze busters were in her house and cooling off the chimney.

Not satisfied with merely putting out a fire, the ladder laddies calmed Mrs. Gray, and thoroughly mopped up her floors dampened by their fire hoses.

Who says the Daly City fire department doesn't give first class service?

SANDRA SHAUGHNESSY RULES OVER MAY DAY PAGEANT

Preparatory to her coronation as queen of the May Day Pageant, lovely Sandra Lee Shaughnessy looks over the "subjects" of her regime. The other young ladies are her attendants, while the diminutive gentleman to the right holds the queen's crown. —Photo by Corner

was a ballet with the girls from Broadmoor, and the second was a ballet performed by the Chinese boys and girls from her "Chinatown" studio in San Francisco.

The May Pole dances were very good and made a perfect opening for the program. Leota Swager from Buri-Buri did an outstanding job with the people she brought here from South San Francisco. Leota believes in doing things in a big way and she really does a good job. Leota's girls performed in the last number, which was the Viennese Ballet, and this made a picturesque finale.

Mrs. Muriele Pabst of our recreation department is not to be forgotten, because her groups did splendidly. If any of you readers are interested in folk dancing Mrs. Pabst would enjoy having you join her group. Michael Wexler's string ensemble from the National Institute of Music and Arts played beautifully. This year the ensemble played in the opening spot; it was hoped that everyone could hear this young talent.

COMMITTEE CHAIRMEN

The following committee chairmen and their assistants are to be commended: festival chairman, Elman Rose; parade chairman, Eddie Allen; program chairman, Erle Johnson; grand marshal, Walter Moore; publicity, Mrs. Helen Cheatham; queen chairman, Mrs. Lois Adami; assistant queen chairman, Mrs. Lee Miller; field supervision chairman, Glen Smith; concessions chairman, Mrs. Florence Schmidt; assistant concessions chairman, Mrs. Ann Eason, and all the local PTA's.

Murray Draper, judge of superior court, San Mateo county, is to be thanked for his part in the coronation of Queen Sandra Shaughnessy. Sandra and her court, Barbara Votaw, Nancy Regenelli, Joanne Morris, Penny Ebbert, Judith Gerrans, George Gensel, looked very gay and colorful in their May Day costumes. The Tanforan Flower Shop is to be thanked for their contribution of the flowers carried by the royal court and queen.

space fo rthe float, and a smile when I couldn't dig one up any place else; and for priceless advice.

Harry's Market and Mr. Ojakian for all that nice popcorn.

Vista Grande Market, more popcorn. Thanks, Ray and Frank.

Daly City Pet Shop for the loan of one large crystal ball.

Hillside Paint and Color Store—thanks, Mrs. Grimes, for the paper drop cloth for our tent, and your grin when you donated same.

Mission Paint Store and the Dutch Boy Paint Co. for lithographed cardboard. Thanks, Mr. Lopez.

A. L. Stockton Lumber Co. for plywood for the floor of merry-go-round and for having so nice a man as Mr. Hartman in the office!

Lees Drug Store for gypsy and dancing girl makeup! Mr. Bagrash and Jane Duncan have always been cooperative and are keeping up the good work. (Take a look at their new, healthy comic section!)

De Leon Music Co. for one tamborine.

Michael Carter Callan, whose donation of wooden flooring for the float brought me out of a nervous tizzy. I had long been grateful to Mr. Callan for the fine job he has done as a school trustee and I wish to give him an extra public boost for his generosity in helping our organization in a time of need!

These were the merchants who were asked to help, but I am sure that others would have been just as happy to help. And speaking of help, let me give blanket thanks to all of those weary people who helped so valiantly — with brain and brawn — to complete the job.

Just one more thank you now, before I go to rest my "May Day" muscles and recuperate for next year's "Bigger and Better"!

Signed:

JANE KEITH

CDA Members Attend High Mass

Several members of Court St. Mary No. 1155, CDA, recently attended the CDA annual Communion at St. Mary's Cathedral.

The Communion and High Mass is held each year for all CDA organizations in the Bay Area. Archbishop John J. Mitty presided over the services.

After the services, the group went to a San Francisco hotel for breakfast and heard several guest speakers.

Present from the local court were Mesdames: Elizabeth Wettstein, Christine Stevenson, Ann Ryan, Evelyn Renolds, Ann Panella, Mary Mayhood, Mary Thiebaut and Eleanor McDougall.

RIGHT OF WAY

Those insisting upon taking the right-of-way may find themselves involved in an accident, declares National Automobile Club. It is not so much a matter of principal, but a matter of saving life, limb and property that demands a motorist drive by common sense rather than by what he believes to be his rights.

MEDALS AWARDED BY FREEDOMS FOUNDATION—Secretary of Defense Louis Johnson accepts honor medals awarded to the Armed Forces Information and Education Division for the Army Signal Corps motion picture, "Voices of the People," andthe "Bill of Rights" poster series. Left to right, Secretary Johnson, Col. William F. Centner, Deputy chief of Armed Forces I. & E. Division; Maj. Gen. Spencer B. Akin, U. S. Army Chief Signal Officer; Mr. Don Belding, president of the Foundation, and Stanley Dersh, Reading, Pa., artist who worked on the winning posters. Freedoms Foundation is located at Valley Forge, Pa., and provides annual awards to American citizens who in its opinion do the most outstanding job each year in bringing about a better understanding in the American way of life. (Official Department of Defense Photo).

Chosen Miss Touch and Glow

SAN DIEGO, CALIF.—"A smooth complexion equals high voltage" according to Sergeant James L. Justus, speaking for himself and his buddies at the Marine Corps Recruiting Base here. The enviable asset won for Gail Robbins, beautiful movie actress, the title of "Miss Touch and Glow" in a contest at the Marine Corps Base. The balloting was conducted with the cooperation of Revlon, world-wide makers of cosmetics, to determine the actress with the smoothest complexion and who radiated the greatest amount of personality.

STUDEBAKER
AUTOMATIC DRIVE

Newest and most advanced of all automatic transmissions!

IT'S here today! America's first fully perfected "no clutch—no gearshift" driving! The achievement of years of research and development by Studebaker and Borg-Warner engineers—the revolutionary new Studebaker Automatic Drive!

Technicians will tell you that this Studebaker Automatic Drive is the ideal combination of a torque converter and direct mechanical drive.

But the *way* this amazing transmission works isn't half so important to most car owners as the certainty that it *does* work—superbly, smoothly and reliably!

Come in and try out this far advanced Studebaker Automatic Drive—without obligation—right away. It's extra cost—but it's the finest investment that anybody ever made in real motoring enjoyment!

No clutch pedal, of course—and you're safe right from the start! No clutching—no declutching—with Studebaker Automatic Drive. As car moves forward, you just feed the gas, steer and brake. Your Studebaker "shifts for itself"—makes gear changes automatically, quietly and smoothly. You keep the pointer on the steering post in "drive" position most of the time. But when you switch on the ignition, the engine will start only if you have first set the selector lever at "park" or "neutral."

INDIAN NINE GO INTO FINAL ROUND FOR P.A.L. BASEBALL LEAGUE WIN

By MILTON TROMBORG

With Roy Childress hitting a three-run homer in the third inning, and a big fifth inning uprising, the Jefferson High nine kept their bid for the 1950 P.A.L. championship by crushing the San Mateo Bearcats last Friday, 9-2.

This marks the fifth P.A.L. win of the year, with one defeat, for the Indians. They go into the final round of play today by traveling to South City.

Ed Cereghino, master of the Jeff Mound staff, went the distance for the Indians and pitched excellent ball, giving up 5 hits and faning 12.

Ed's only bad inning was the first in which he gave up a single and a home run—otherwise he pitched 6 scoreless innings of ball.

TWO HOMERS

Coach Glenn South's nine opened the game up with the first run off 1 hit, 3 walks, 1 stolen base and 1 San Mateo error in the first half of the first inning.

Lunghi was walked and stole second as Mosman struck out. Morgan stepped up and lined a single into right field scoring Lunghi. Morgan was caught off first base and thrown out for the second out. Findlay and Matzek got on base on walks but to no avail when Childress grounded out to end the inning.

The Jeff nine went on the defensive now with Cereghino on the mound. The first San Mateo batter got on base on an infield single while the second batter struck out.

Cereghino forced the next batter to fly out. With two outs and a man on second base, Cereghino pitched a fast ball down the middle to San Mateo's star, Bill Kahler, who in return, slammed the ball 400 feet away to left center field for a home run, the first off Cereghino this year.

The next batter struck out to end the inning. This score was Jeff 1 and San Mateo 2, at the end of the first.

Behind by 1 run, the Indians came to life in the third inning to score 3 big runs, with the aid of a home run by second basemen Roy Childress.

San Mateo almost scored again in their third when the first batter struck out, the second singled, the third struck out, he fourth got on base on an error, the fifth batter walked but the sixth struck out to end the inning.

The Indians had a bad 4th inning when Goodnol, Cereghino, and Lunghi all struck out.

BIG FIFTH: FIVE RUNS

Remembering a defeat that the San Mateo Nine handed Coach South in 48, in which San Mateo won by the final score of 26-3, Coach South told his boys, "More runs," and the boys lived up to his wishes, with five big fat ones.

Mosman singled, Morgan walked, and Findlay bunted to fill the bags. Matzek walked to walk in Mosman as Childress popped out for the first out. Kliem singled to drive in Morgan as Findlay scored on the relay in which San Mateo made an error.

Goodnol singled to drive in Matzek as Kliem scored on a wild pitch. The inning ended when both Cereghino and Lunghi struck out.

BIGGEST THRILL

The biggest thrill of the game came in San Mateo's 5th inning.

The first batter flied out, the second singled sharply to left while the third batter grounded out for the second out.

Next in line at the plate was Bill Kahler, who early in the game slapped a home run and was walked intentionally.

Coach South was going to have Cereghino pass him again but Ed thought otherwise and wanted to pitch to him. Well, Ed pitched, and struck Kahler out on three straight pitches, all neck high. The game went pretty smooth from here on in and when the game ended, Coach South found himself still leading the league with Palo Alto.

Junior Sportsmen To Hold First Meet June 7

The senior Rod and Gun Club members have finally decided on a date for the organization of the long talked about Junior Club.

Wednesday evening, June 7, at 7 o'clock the first meeting will come to order. The first application blanks will be ready in about a week. Boys from 12 years to 17 years old will be admitted and will run their own club and elect their own officers, just as the seniors do. They will learn to cast with surf rods, fly rods and plug rods. Rifle shooting and safety will be taught and later on they can organize their own rifle team. Archery and the methods of making their own archery tackle will be dwelt upon. All the essentials of being a good sportsman will be covered.

It is hoped that this program will keep a few of our boys off of the streets this summer. If we can give them something to do it may keep their minds from thinking up some mischief to get into.

First Summer Game For Gelsi's Cavern This Sunday

Playing their first game of the new summer league this Sunday, Gelsi's Cavern meets the New Pisa nine.

The game gets underway at 2 p.m. at Marchbanks Park, and promises to be a real thriller. New Pisa is one of the strongest teams in the summer league, and will tax Gelsi's playing ability to the limit.

However, don't underrate Gelsi's. During the past months they have won almost every game, and lost only a few tight contests.

Last Sunday was one of their poor days, and they dropped a game to the Ocean View merchants 19 to 13.

SPORTS

Jeff Enters Swim Finals This Thursday

With the track finals all over, the swimming finals of the P.A.L. will take place this Thursday, May 11, at Burlingame.

Jefferson will have three boys who are sure of at least a place in the finals.

Les Nincolini, one of Jefferson's top swimmers and one of the best ever to come out of Jeff, took a good second place last week in the semi finals in the varsity 100 yard free style and will be a strong contender for 1st place.

Stanly Davis, also a swimming expert at Jeff placed in the varsity 150 Medly, and will be a strong contender for top honors also.

Stanly Davis, along with two other P.A.L. swimmers broke the P.A.L. record in the 150 Medly in the semi finals last week.

A sure bet to take first place as he has done the last two years, Norn Cady, an ace swimmer if there ever was one, will be the number one entree in the 30's 50 yard free style.

Cady won last week in the semi finals in the good time of 26:06.

The Jeff Indians did not do so well in placing men in the finals, but as was expected, Sequoia and Palo Alto will be fighting it out for the 1950 P.A.L. Swimming Championship.

Jeff could take the diving crown, with Ed Galindo, Don Espinoza, and John Gonazales trying hard to win in that order.

DRIVING SAFELY

Driving safely demands the full attention of the person at the wheel at all times, warns the National Automobile Club. A moments relaxation from watching the road may result in an accident. The driver who stays alert will stay alive.

Zanobini Scores Upset In PAL Track Finals

Joe Zanobini, Jefferson's lanky blond track ace went down to the P.A.L. finals last Friday at San Jose as a 2 to 1 underdog to win the mile event, but in the outcome Zanobini came out in front to 4:36:02.

Palo Alto's star miler Bowen, who was favored to win the event took third as Green of Lincoln took second.

Burlingame won the varsity division with 44 2/3 points, as San Mateo came in second with 29, Sequoia third with 18, Lincoln 17, San Jose 16, Jefferson 10, Palo Alto 7½, and South City last with 1.

In the class B division, Palo Alto edged Sequoia by 1 point 26 to 25, as Burlingame came in third with 23 1/3. San Mateo came in fifth with 17, as followed by Lincoln with 13, San Jose 6, South City 5½ and Jefferson 5.

In class C, San Mateo ran off with honors with 35 points followed next by San Jose with 26¼, Burlingame 11¾, Sequoia 10, Jefferson 5.

In the varsity 440 Yard run Chuck Bublack of Jefferson ran one of his better races and took a good third place, which will place him in the N.C.S. meet.

Bill Bollinger also of Jefferson took a good third place in the 880 yard run and will go to the N.C.S. meet.

FISH AND GAME NOTES

by Jimmy Fox

Spring certainly is here with a bang, and it really was a bang up weekend last Sunday.

Fifteen of the best shooters in the California Huntsmen spent the day at the Coastside Sportsmens Rifle Range at Pedro Valley. When the day was through the best shooters had walked home with some sore shoulders and a varied assortment of trophies and medals. The Coastside Club has a very fine rifle range that is open to the public. You can shoot big-bore, small-bore, pistols and revolvers and trap at the range and there is plenty of room for everyone. The range fee entitles a shooter to stay as long as he likes. With the discharging of firearms along the coast or in the county illegal this range answers the prayers of hundreds of shooters who like to shoot and want to stay on the right side of the law. Deer hunters can sight their favorite deer rifle in at any range from 50 yards to 250 yards and can further sharpen their eye on the running deer target. It's a swell spot to shoot and a fine place to spend a Sunday with the family. Bring your lunch and have a picnic and show the family just how good you can shoot instead of just bragging about it.

RIFLE SHOOT

Back to the shot last week. Big events were the big-bore or deer rifle shoots. First place with a good score in the .30 cal. big-bore event went to Johnny Weiss and he won trophy for his efforts. Second place and a silver medal went to Jimmy Fox while Leonard Ohm came in for the third place bronze medal.

The Annual Perpetual Trophy Deer Shoot was taken by John W Shoberg with Johnny Weiss second and Leonard Ohm third. Small-bore .22 cal. showed the competition to be plenty keen. The scores were 1st 96, 2nd 95, 3rd 94 and proved to be a hard fought match. The winner of the small-bore trophy was Jimmy Fox and the silver medal went to F. D. Gooch with the Bronze one being taken by Bob Smith. Trap shooting as usual was a lot of fun and fine practice for the bird shooting this fall.

Al Speers, with a good nose for shotgun shooting, as usual was the guy to beat in the trap shoot; and also as usual was too tough to beat so we gave him the trap shooting trophy (after he beat us). John Weiss got his third trip into the scoring circle and took the 2nd place with Jimmy Fox also in there again for the third place. The trophys were certainly beautiful and well worth the effort needed to win. They were donated by Bob Smith of Smith's Gun Shop at 1313 24th Ave., San Francisco. Many thanks to Bob from all the boys who turned out to compete for them.

DALY CITY CLUB SHOOT

Sunday, May 14, is the big shoot day for the D. C. Rod and Gun Club. An annual affair, it is held each year at the Coastside Sportsmens Range. The shoot will start at 8:30 sharp and no sighting in will be allowed after that. Come early and shoot your guns in all you want and don't be one of the boys that shot a low score because he was late and doesn't know where the gun shoots. Harold Purser will have the annual deer shoot trophy there and will be shooting to keep it again. Bring the family and have a picnic, the wife will enjoy a day in the sunshine. She may even give you a few pointers on your shooting. The events will be run off as follows: 1. Big-bore at 100 yards, 2. Big-bore at 200 yards, 3. Deer shoot at 190 to 250 yards, 4. Small-bore at 50 yards and last the trap-shoot.

FISHING NEWS

Fishing the past week has been fair up in the delta region when the weather permits. When it gets windy such as last Sunday the fishing is no good and Ed Nenstiel and Al Biagini will vouch for that. They fished the Santa Clara Shoals region and didn't have a nibble. Salmon fishing was good during the week but the wind blew on Saturday and kept most boats in. Sunday was a fair day and a few fish were caught off of Pedro Point.

The kids are getting wise to the fish in Lake Merced and are now reporting their secrets to a good catch. Seems that the best bet to take fish in the lake is to use a number 14 salmon egg hook and cover it with a red salmon egg. You can take that from Harry Johnson's oldest boy, George. Also want to remember that the fish are biting right under the floats so no need to cast out too far.

Just got a late report on the trout fishing up in the High Sierras from Ed Byrne of the radio shop of the same name. Ed tells me he had fine sport at Convict Lake and Convict Creek. He brought home a beautiful 3 pound Rainbow to prove it wasn't a fish story. Also caught a few smaller fish and admits they all fell for salmon eggs. The weather caught up with them and he twice had to pull the car back on the road out of a snowbank. When the snow started falling on the way home they were lucky enough to buy the last pair of tire chains in a small garage up there. About 2 feet of snow fell and the Sierras will be that much later in thawing out this summer. Looks as though the runoff will extend clear into July this year. All streams are high and muddy and fish are very hard to catch under those conditions.

S.M.J.C. Trackmen Meet At Sacto.

Eight trackmen will represent San Mateo Junior College in the all-conference meet at Sacramento this Saturday night.

The men qualified in the southern division meet last Saturday at Modesto when seven junior colleges competed. San Mateo was second behind Modesto. The Mateans won seven out of the 15 first places, making an excellent showing.

This Friday afternoon, the San Mateo jaysee netmen will host the powerful Modesto tennis squad in the match that will decide the conference championship as both teams are undefeated. Modesto is especially strong because of having two ranking junior champions from Canada and the fourth ranking junior player of the U. S. on its squad.

LIGHT OF LIFE

The light that shines in a proud mother's eyes is more beautiful than the gleam of the rarest jewel or the radiance of the brightest star.

It mirrors the mystery and glory of life, the hopes and faith and dreams of parenthood. It suffuses her face with the joy of possession and the consciousness of being part of the great unbroken chain of human existence.

All true parents want their children to make the best of life; to avoid its pitfalls, to master its obstacles, to achieve its successes. They want them to be good citizens and just and honorable men and women.

The little baby boy in the picture will be reared with the tenderest care, and will be taught knowledges and skills as he grows in years and in understanding.

But the great truths of religion and spiritual living must be made the groundwork of his training if he is to attain life's highest possibilities.

So this beautiful mother must turn to God and the Church and the Scriptures for guidance in training her child to live.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"Carioca Caper" Comes To Jefferson High School Stage Next Friday Night

Bettie Duffy dances, Susanah Wilson plays piano, Jeanne May sings, Don Lunghi leads the band and Al Johnson breaks hearts in the "Carioca Caper" next Friday, May 19.

The show, staged by Jefferson High school, will be held in the auditorium at 8 p.m. The production is under the direction of Senor Miguel, and boasts of a cast of 50 students, including a chorus line of eight Jeff beauties.

In the chorus will be Helen Hankerson, Judy Woodard, Pat Norberry, Diane Hale, Gayle Broome, Theasa Tuohy and Dana Kallmann. Dana will lead the chorus, as she has had much experience in "line" work with the Mason and Kahn dance studios.

Another senorita (and a cute one at that) is Nancy McCafferey, who will sing. And it would not be a Spanish program without the famous Mexican hat dance. Helen Barraza and Norma Ureujo will be in the spotlight for the dance.

Dane Bellie, a new singing discovery, will give out with "Siesta" in a manner guaranteed to have all young and old hearts a tremble.

Two other well-known vocalists in the show will include Christine Quickert and Susana Wilson (remember the Lions Club show).

Spanish folk dancing, always popular, will be featured with Cecelia Sullivan and Charles Olson, as well as Gary McFee and Arline Summers.

All this, and the wonderful Latin-American band, too, will be yours next Friday night.

Tickets may be purchased from students, or at the door of Jeff auditorium.

Elzinger Family Moves To Daly City

Taking up residence in Daly City this week were Mr. and Mrs. A. E. Elzinger, and family from Manila.

The Elzingers will live at 372 Santa Barbara avenue. They arrived here April 28 from Manila where Mr. Elzinger was employed in import-export work for an embroidery manufacturer.

Henry Elzinger, 18-year-old son, is planning to enter St. Mary's College in July, while his sister, Mary Ann, will enroll in a Daly City elementary school in the fall.

Whether or not Mr. Elzinger will return to Manilla is not known. However, Daly City is glad to welcome the Elzingers and hope they will be here for some time to come.

Karen Blows Out Three Candles

Karen Lynn Moresco was three years old Thursday, May 4, and in honor of the event her parents, Mr. and Mrs. A. Moresco, 328 Railroad avenue, gave her a party last Saturday.

The Moresco home was decorated in the circus theme, and the large birthday cake, shaped like a beautiful, realistic merry-go-round, carried out the motif.

When Karen or her guests were not eating they employed the time playing various games.

Present at the party were: Pauline Majeski, Beverly Bennett Joyce Pardini, Norman Giusti Irene Hernandez, Helen Hernandez. Robert Rossi was invited, bu was unable to attend.

Five Local Residents In Rome

In Rome, Italy today are five Daly City residents who made the flight from New York aboard Trans-World Airline Constellation last Tuesday.

The five are making Holy Year visits to Catholic shrines and to relatives and friends in Milan Rome and Switzerland.

As reported earlier in the Record, the five are: Mrs. Agnes Cortopassi, 326 Evergreen avenue; Mr. and Mrs. Rizieri Rossi, 73 First avenue; Mrs. Agnese Zanobini, 53 E. Cavour and Mrs. Emilia Donati, 1 Cavour street.

Teachers Assn. Elects Officers

Reviewing the progress of last year, the Classroom Teachers' Association of the Jefferson district held the last meeting of the 1949-50 year, May 8.

The meeting was presided over by Mrs. Otha Kinsey.

Looking to the future, the Association decided the major project for the coming year will be the establishment of a professional library.

Another important step at the meeting was the election of officers.

Mrs. Donald Pagani is the new president. She will be assisted by Mrs. Marjorie Ross as vice-president and Mrs. Eileen Hazlett as secretary-treasurer.

The new officers will be installed at the Association's annual dinner, May 23.

SOCIETY

Bethel Lutheran Church To Observe Mother's Day

Bethel Lutheran Church, Alemany Blvd. and Huron Ave., will observe Mother's Day at the morning worship, next Sunday, May 14, at 10:45 o'clock.

The Rev. Herbert P. Schroeder will preach on the subject: "A Mother's Piety." Marilynn Meyer will serve as soloist at this service.

The Walther League, the organization of the young people of the congregation, will observe the occasion with a "Parents' Night." At this meeting the annual candle lighting ceremony will be observed, together with the installation of the newly elected officers.

Meanwhile, the national president of the Lutheran Laymen's League, Mr. Emil C. Jacobs, will be in the San Francisco Bay Area to address the laymen and laywomen of the Lutheran Church.

A meeting has been scheduled for next Wednesday evening, May 17th, at 8:00 o'clock, at Bethel Lutheran Church, Alemany Blvd. and Huron Ave. Mr. Jacobs will bring a timely message for the laity of the Church.

He will also supply the latest information on the various projects of the League, such as the "Luther Hour" radio broadcast, Valparaiso University, the Lutheran Hospital at Vicksburg, Miss., and other important features.

NEWS OF YOUR NEIGHBORS

Michael Anthony Vidal, three-month-old son of Mr. and Mrs. Ernest Vidal, rt. 1, box 366, Colma, was given a party last Sunday by his parents. The party followed the christening of young Michael at Holy Angels Church, Colma. Present at the party were Michael's parents, god mother and god father, Mrs. Clarita Milton and Joseph Milano respectively; Mrs. Angie Vidal, Mr. and Mrs. Al Martire, Miss Janice Martire, Mr. and Mrs. Floyd Milton, Floyd Milton Jr., and Mr. and Mrs. Joseph Milano.

Judy Callesen, seven-year-old daughter of Mr. and Mrs. Wayne Hamilton celebrated her seventh birthday Thursday, May 11. In honor of the occasion her parents gave Judy a first class party. However, big moment of the day for Judy wasn't so much the party, as the dinner that followed, Mrs. Hamilton reports. On hand to help Judy with the feed were her grandparents and several aunts and uncles.

Merrilee Faulk, Jefferson High school student, won high honors in the national Scholastic Art Awards competition, it was announced today. The local student won in competition with 112,520 other aspiring young artists throughout the United States. Judging of the competition, sponsored annually in northern California by the Emporium of San Francisco, was just completed at the Carnegie Institute in Pittsburg. The judging was done by a board of distinguished artists and educators.

Gary Tremberth, young son of Mr. and Mrs. Tremberth, 72 Gambetta street, is a born painter. Last Friday he really explored the art, and managed to down a good quantity of linseed oil before realizing it was better to use in mixing paints than drinking. Fortunately his mother discovered Gary's error and rushed him to Junipero Serra hospital, where authorities report today he has recovered from the stiff drink.

Mr. and Mrs. Tony Roberts of Hayward are proud parents today of a fine baby girl. Mrs. Roberts was Elizabeth Albonsky, formerly of Daly City. The proud grandparents, Mr. and Mrs. John Albonsky, Hayward, are also former residents of this city John Albonsky was with the Daly City Fire Department for over 12 years. Oh yes, the baby weighs 6 pounds 6 ounces. Mrs. Albonsky failed to report when the child was born.

WHAT'S GOING ON AROUND TOWN

By BILL KATZ

What's That. . . . Rep. Helen Gahagan Douglas landed safely at Marchbanks Park Tuesday, alighting from a helicopter to deliver a short speech, shake hands and admire babys in the best tradition. We enjoyed her talk, and remain convinced that if appearance and rhetoric sway an audience to vote favorably, she will be spending quite a few years in Washington, D. C. However, her flight got Mrs. Douglas a bit twisted in geography. Her opening words were something to the effect that "I am always glad to be in San Francisco." We are happy to report she corrected the error, and a few seconds later noted she was even happier to be in Daly City. . . one of the neatest recoveries we have heard in many a day.

Last week we ran a story on "Tippy," a dog who loves cops and a life of wandering. Several people called to ask if they could give the dog a home. We'd be happy about the whole thing, except a few weeks before, we ran another story on a family with six children who also desperately needed a home. There were no replies to that one.

Do you have a particular book you'd like to read, but can't find at the San Francisco library? Well, the Daly City branch may be able to help. Marcia Trier, librarian, reports that the local library may order the book you desire through the San Mateo central library. And believe me that is a life saver when a new novel or work of non-fiction can't be had at the San Francisco library until two to three years after publication date.

And speaking of books, we see the author of "Forever Amber" has come out with a new one concerning, fittingly enough, the trials and tribulations of an author. Kathleen Windsor was "endeared" to us during the war when we heard "Forever Amber" read aloud by a group of ardent Mexicans in an army rest camp in Belgium. For seven nights the Mexicans, in broken, rhythmic English, struggled through the book, taking turns reading it to a tent full of weary GI's. But we never heard the end of Amber's amours. The last night a discouraged English teacher absconded with the pocket edition and merrily used its pages to heat up a can of "C" rations. . . which after all may be the best use for dear Kathleen's works.

Fred Bertetta, who worked for many hours with Mayor Paul Green constructing the Queen's float in the May Day parade, is still looking for the remnants of his "masterpiece" today. A moment after the parade was over, a flower loving crowd descended on the colorful float stripping it of every bloom, right down to the dirt around the pansy plants, Bertetta said. The councilman had nothing left of his labors but the skeleton of the queen's chair.

Hal Willis recently installed a $10,000 Dry Cleaning unit in his Daly City Cleaners, 6287 Mission street. He is justly proud of the massive white machine, and anxious to let the world know of his new acquisition. The bemustached Willis suffered quite a shock the other day when a woman viewed the machine with interest, congratulated him, and asked: "How much ice cream can you make with it?" We didn't catch the answer.

It's not your imagination. . . there are more children in Daly City these days than four years ago. According to the Jefferson School district officials, the school population has almost doubled over the past four years. In 1946, enrollment in the district was 1,173. Today, there are 2,145 children attending schol here. But that's only the beginning. Estimates are that by this time next year, the enrollment will be just double what it is now, or 4,861 pupils. Who says six new schools aren't needed in Daly City?

Rarely does a police report overlook an item. In fact, the notations on the "blotter" of the Daly City police department are some of the most exhaustive bits of writing possible. For example, last week a 2½-year-old baby got separated from her mother. John McGraw brought the child to the police department where one officer (evidently familiar with the nomenclature of baby wear) duly jotted down the baby's name and added this brief description: "clad in diaper, pair of rubber pants and black checkered shirt." The identification was enough. Some 20 minutes later a worried mother recognized the clothing of her son and claimed him from a policemen.

Mrs. Adami Host For Woodrow Wilson PTA

The executive board of the Woodrow Wilson PTA held its regular monthly meeting on Tuesday, May 9, at the home of Mrs. Henry Adami, president. A delightful dessert lunch was served by Mrs. Adami, hostess for the occasion.

Following the luncheon a business meeting was held which included a report on the May Day sale of candy and peanuts. The affair was announced as a huge success with thanks going to Miss Elizabeth Kennedy, a teacher at Woodrow Wilson, Mrs. J. Ansano, Mrs. S. Cormack, Mr. and Mrs. Henry Adami and son, Lanny, Dave Barraza, another high school student.

Plans for the fall term were formulated and activities outlined for the coming year.

The next regular PTA meeting will be held on Tuesday, May 16, at Woodrow Wilson school. A very fine program has been planned which will include entertainment by the following students: Billy and Jimmy Ttate, pupils of Miss Daly and Miss Haslett respectively, will do a Scotch sword dance. room will play the accordian and there will be a piano duet by Nancy Goldkuhl and Earlene Durrett. A good attendance is hoped for in view of the excellent program

Hats Off To Cub Pack No. 36

By MRS. E. K. WHINNEN

Pack 36, hats off to you.

You surely did look fine winding up that May Day parade. You were the "snap" at the end of the whip, and it was a bright and pretty whip. A pretty long march too, huh? But that is what makes good Cubs and Boy Scouts—taking those things in your stride. You carried the banner proudly, and your parents, and the parents of all the other Cubs and Scouts, boys and girls, were in there cheering for you.

Seems like you are doing pretty well on a couple of other fronts, too. Taking the blue ribbon first prize handicraft at the Boy Scout show at the Cow Palace, and winning the baseball championship in the National League. Now you will play the top Pack in the American League when they have finished the play off, to see which Pack wins. The game is scheduled for June 4th.

The three day scores for handicraft at the Scout show was 80, 89, and 100, respectively.

Den Mother, Irene Rosenberg, passes on the information that the booth for Den 16 is set up in Union Square for the Youth Fair, a part of the Building For Youth program. Handicraft and arts will be on display.

A party for the baseball players in Den 16 was given Thursday at the Den meeting.

Troop 1 Makes Mother's Day Gift

By COLLEEN McCANN

Girl Scouts of Troop No. 1 made vases for Mother's Day presents.

We all brought a bottle, and Mrs. Larson, our leader, got some paint and four colors.

We received a pot of water and put a little of each color in the pot. Then we took our bottles, and one by one dunked them.

The bottles did not turn out as well as they might, but we have learned the process, and next time we will have better luck.

Happy Birthdays!

Harry the "happy baker" wishes the following residents the best of everything on their birthdays:

May 12—Allen Lindon, 305 Fair Way drive; Harold Waters, 1411 Sweetwood drive.

May 13—Eleanor Frediani, 908 Washington.

May 14—Angelina Firpo, 290 St. Charles; Shirley A. Garibaldi, 7324 Mission; Horace R. Woodward, 300 Citrus; Harry Castiglioni, 504 Parkway.

May 15—Mrs. L. Schwarz, 659 San Diego.

May 16 Elsie Fratnz, box 153, Colma.

May 17 — Kay Marchetti, 52 Market; Mrs. P. DeMatti, rt. 1, box 45, Colma.

May 18 — John Sawa, 1663 Sweetwood Drive.

Reverend Glasse And Wife Going East For Visit

The Rev. John Glasse, pastor of the Broadmoor Community Presbyterian church, will be visiting in the east May 16 to 24.

Recently elected a commissioner to this year's meeting of the General Assembly at Cincinnati, Ohio, Rev. Glasse left early this week.

After the Assembly Rev. Glasse and his wife will drive to Swannanoah, North Carolina, where son James will teach Bible next year in Warren Wilson College then on to Washington, D.C., for a reunion with a group of Alaskan friends in government service there; after which they will visit Rev. Glasse's sister in Philadelphia.

In New York City a visit is contemplated to the offices of the Board of National Mission in the interest of the church's new building needs.

At New Haven, Connecticut son James and wife Joan will both graduate from Yale Divinity school. Later Rev. Glasse will assist at Jim's ordination to the ministry.

Returning homeward, they will stop in Denver where Rev. Glasse will baptise the child of an Alaskan friend; after which their next stop will be at Marlow, Oklahoma, to be present at the marriage of older son Jack to their new daughter, Lou Howard.

Combining both church business and vacation, the minister will be away for six Sundays, with a number of men supplying the pulpit in his absence.

In emergencies and for necessary church business, members are asked to contact John LePine, clerk of Session or Mr. George Irvine, church treasurer.

(The preceding article was from the Community Presbyterian Church paper, "Community Church Chimes.")

Women of Moose To Meet May 19

Women of the Moose Chapter No. 739 will hold their regular meeting May 15 at the Moose Hall at 3053 16th Street.

It will be open house. Initiation and Memorial Services will be held at 8:15 p.m.

Honored Guest of the evening will be Bessy Lovett. Bring your friends. The next regular meeting will be June 5 at 8:15 p.m.

Guadalupe PTA Speaker Announced

Mrs. P. H. VanderSterre, director of health of San Francisco second district, C.C.P.T., will be the guest speaker at the next meeting of the Guadalupe Parent Teacher Association, to be held on Thursday, May 18, in Room 8 at 1 p.m.

The film "It's Your Health" will be shown and is to be narrated by Mrs. Alice Spilane, Director of Health Education of San Francisco.

AMERICAN LEGION ACTIVITIES

Broadmoor Post No. 824
CRYSTAL BALL GAZER

Mothers Honored By Bethel No. 198

Bethel No. 198, OJD, held a "Mother's Night," May 5.

Many of the mothers of the young ladies in the Bethel were present at the meeting and were given gifts.

Also, plans were drawn up for the Bethel choir to sing at the Geneva avenue Methodist church on Mother's Day, Sunday, May 14.

Another highlight of the evening was an initiation in which Jacqueline Mullen became a member of the Bethel.

New Arrivals

To the wife of Gene Erhardt Fuerbringer, 633 Larchmont drive, April 13, a son.

To the wife of William J. Giuliani, 708 Niantic avenue, April 23, a son.

To the wife of John J. Migliore Jr., 115 Hillcrest drive, April 26, a son.

To the wife of Joseph F. Avila, 820 Ellis drive, April 29, a son.

To the wife of Stanley J. Nevelow, 775 Maddux drive, April 29, a son.

To the wife of Harold Waters, 1411 Sweetwood drive, May 2, a son.

To the wife of David B. Cantwell Jr., 144 Bruno avenue, April 27, a son.

DALY CITY—COLMA

Another "Ladies Day" at the regular meeting of the Lions Club will be observed next Wednesday noon.

All Lions are asked to bring their wives, as the club has a fine program prepared.

Meanwhile, Superior Court Judge Murray Draper was the guest speaker at the regular meeting Wednesday. Draper, who is seeking re-election June 6, spoke to the Lions on the work of the superior court.

He asserted the average citizen never has occasion to have a case tried in superior court. This accounts for the illusion that the majority of cases center around the criminal.

"Actually, less than one-third of the cases in my court are criminal," Draper said.

He said the majority of court "business" is concerned with civil actions.

We had a very interesting meeting last Wednesday night.

Commander Ray Flanagan was sitting on the side lines and first vice-president Travinski was at the "helm." Nice job, John.

Hope all you good citizens will be prepared to greet the seller of Buddy Poppies, May 26-27. This is a very worthy cause, and even the dime or quarter you drop in the can will never be missed. It does a world of good for those disabled vets, so deck yourself out with a nice red Poppy when you find someone selling them.

Have often wondered why Bill Farnadion, who holds forth at the Associated Station at 87 and Junipero Serra and Johnny Friend, who owns the Union on the opposite corn, don't set up a bowling line between the two stations. They could spend all their spare time in practice.

CANDIDATES DISCUSSED

Our next meeting, May 17, will be set aside for a discussion of candidates for the coming election. Suggest you fellows all attend, and boost the stock of your favorite. Let's get some of this new blood in the organization in line for office. After all, the old timers can not hold out forever.

Understand that the auxiliary held a very profitable cake sale up at Kings Market last Saturday. From the display I saw, it looked as if the gals had something on the ball as far as cake making is concerned.

COPA CABANA DANCE

Would like to give a plug for the VFW dance this coming Saturday night at Colombo Hall. The Lake Merced VFW boys always turn out to our affairs, so why not do the same for them?

Had a good turn out at the last folk dancing class. Had quite a few new faces there. Hope more of you can plan to come out on Monday nights at the Community center.

Ray Flanagan has taken over the chairmanship of the Coaster Derby. A meeting to get the affair in high gear is to be held May 10. After that, things will roll along at a very fast pace.

A new 50 Cad will be seen in Broadmoor shortly. Mike Levitan has just sold his present one.

Picnic plans are still going strong. Maybe we should start thinking about a soft ball game between the gang who live north and west of Louvaine and those who live south and east. North Side Demons vs. the South Side Sluggers.

Anyhow don't let that date, June 18, get away from you. Just bring your father, your mother, your sister and your brother. Everyone will have a swell time.

YOUR DALY CITY GARDEN CLUB NEWS

By ELSIE M. GARRISON

It is extermely gratifying, when a plan can be carried through to the most minute detail, and the result even more than measure up to the anticipation.

Those of you who saw the Garden Club's float in the May Day Parade, saw the result of a community club project, that was a triumph of co-operation. Although the plan was mine—the technical problems and mechanical know-how was entirely out of my range. Fortunately for me, my neighbor, Mr. Paul Williams, though not a member, volunteered his services, and did a very credible job—which enabled the work to progress nicely.

The entire float was designed with a minimum expense involved, for the reason that the Garden Club, a non-profit organization, with modest dues, and recently organized, simply could not underwrite an expensive endeavor. With this in mind, most of the materials used in decoration, were old curtains and discarded sheeting, dyed in pastel colors. Tissue and crepe paper flowers were made by different members, and were used in live greenery. The beautiful trees under which the children were placed, were generously loaned by a local nursery, and strict precaution was necessary, and willingly adhered to, for of course these represented a sizeable investment.

COSTUMES

The "costumes of the children were pinafore aprons, for which their parents willingly paid the material cost, but were made by Mrs. Charles Hansen, who is, besides being an apt seamstress, also the Secretary of the Club. The boy "partners" of the pinafore pretties, only had to invest in Straw hats, their everyday white shirts, being tinted to match the pinafore. Against the sunburst of pastels were the seated three girls, a "rose" with two butterflies on either side. The butterflies wearing lovely transparent wings, one pink and one blue — made from plastic tablecloths.

The letters were made by Mr. Harley Hooker, and painted by Mrs. Shirl Mollette. Honorable mention goes to Mr. and Mrs. Dick Hunter, who ironed out all the little difficulties of construction, made equipment available, and who stuck right with it until completion. Mrs. Don Hiet and Mrs. Howard Miguel wrote and obtained signed "parental consents" while Mrs. Bunkley, president, took charge of messages and telephone contacts.

PAINT JOB

A friend, Mr. Vern De Long, donated a paint job on the new floor, and Mr. Garrison, managed to keep the home fires burning—or was that his disposition?—for the three days his wife commuted madly between home and the firestation. Mr. and Mrs. Streeter, members, assisted in the final flower decoration, and fresh blooms were donated by all members and by Mrs. Alma Garibaldi. Beside these mentioned were many kindnesses afforded by local merchants, and by the parade committee and the Mayor and his staff. In behalf of the Daly City Garden Club, I do want to thank all of them for their generous civic attitude. There is no doubt that May Day Festival and Parade is getting bigger and better all the time, and reflects the renewed interest in local projects.

Did someone mention gardening? Oh Yes—Well as soon as I get rested up—and some shirts ironed, I am going to gait the garden again. With this fine weather, and the spring buds and blossoms at their succulent best, the snails and pests are at their greedy worst. The nurseries have a nearly complete stock of fine bedding plants now, and I urge you to visit your local man, and try some varieties you have not had in your garden before.

So many varieties have been improved and are more resistant and colorful and will reward you many times over for the few minutes it take to plant them. Our Club Librarian, Mrs. Howard Miguel, will soon be using the extra room, she has redecorated and fixed up. For our boks—I should say not! She will soon be bringing home a brand new baby girl — Congratulations, Mr. and Mrs.

We've cut our food budget amazingly with our *new electric refrigerator*

Now we can buy ahead, save trips to the store, and have better meals . . . thanks to our new electric refrigerator with its generous frozen-food section and storage space for fruits and vegetables. There's more room for tall bottles, too . . . and lots more ice cubes. Yet, with all this increased space *inside*, the new electric refrigerator requires no extra room in the kitchen. It's thrifty to operate, too . . . only a few pennies a day with P. G. and E's low electric power rates . . . and it protects foods at a perfect temperature 24 hours a day.

Plan to see your electrical appliance dealer soon. Have the family look at the new models with you. The daily economies you'll enjoy will help pay the cost of owning a sparkling, new electric refrigerator.

See your dealer

Thursday, 8:15 p.m. — Colma Vista Grande Aerie No. 1848, FOE, 3346 San Jose avenue.

New Officers Preside At General Pershing PTA

By DOLLY GENSEL

May 2 opened the new year of office for General Pershing PTA's newly elected President, Mrs. A. Lauffenburger.

The flag ceremony was conducted by a group of cub scouts of Pack No. 62 including Lane Calvin, Buster Lauffenberger and Richard Gensel.

Another group of boys sang a song dedicated to the American flag. The greatest surprise was when the same group sang a song dedicated to the new president. . . "Mary," her first name.

The boys had been taught the words to the familiar melody by the kindergarten teacher, Miss Engle. A few of us shed tears. Childrens' voices have a way of doing this to you.

Participating in this group were Jack Bautista, Dennis Mark, Emil Kerper, Bruce Freeland and Eddie Lupton.

The group discussed the possibility of paying membership dues once a year to simplify bookkeeping. A further discussion of this is to be held at future meetings.

Mrs. Lickly's class won the attendance for the most mothers present. These meetings are of vital interest to all members, and you are invited to attend.

PTA members and teachers have been busy this past month with a cookie sale to raise money for a Caliphone for the classes. To date $50 has ben raised. The PTA voted at the meeting to furnish the rest of the money, and to purchase the machine.

Mrs. R. Traxler, new program chairman, presented the school nurse, Miss June Gros who showed an interesting movie on ear function and hearing.

Mason and Khan also presented some dance numbers.

The following chairmen were also ratified. Mesdames:

Art, R. Gross; budget, J. Benanti; character, L. Ingersoll; citizenship, J. Jordan; exceptional child, R. Poole; founders day, G. Freeland; health, H. H. Smith; hospitality, life membership, H. Holcomb; magazine, G. Clennell; music, Adalia Bautista; parent education, Brooke Holiday.

Pins, G. Parsons; Program, R. Traxler; publicity, D. C. Gensel; recreation, D. Eason; safety, E. Nenstiel; sunshine, G. Neuner; tea service, F. Prisco.

PTA

Tuesday, 1:30 p.m.—Colma PTA, Colma Community Hall, Dunks street.
Tuesday, 1:30 p.m. — Woodrow Wilson PTA, Woodrow Wilson school.

S.F. Man Injured In Pole Wreck

Driving into a telephone pole in the 7300 block of Mission early Tuesday morning, O. D. Frost, 1075 Sutter, suffered a cut lip and possible fracture of his pelvis, police reported today.

Frost was taken to Junipero Serra hospital by Ray Lagomarsino, 7144 Mission, who was passing by at the time of the accident.

Police report Frost allegedly went to sleep while driving north on Mission. A moment later his machine struck the pole. The car's front end was demolished, but the pole was not damaged, police said.

FAMILY CARNIVAL SATURDAY NIGHT AT MASONIC TEMPLE --- ALL INVITED

Come to the carnival this Saturday, May 13.

That was the invitation today extended by Bethel N. 198, OJD, to al lresidents of the greater Daly City area. The event is to be staged at the Masonic Temple, 17 Hillcrest drive, beginning at 7 p.m.

Featured will be various games, booths, prizes, food and fun for all. The hall has been decorated to represent an old country carnival, and will serve to entertain each and every member of your family.

In addition, the many prizes and purchases will be useful to all carnival goers the year around.

Part of the proceeds will be donated toward the building of a therapeutic pool at the Shriner's Hospital for crippled children.

Following are a list of the many activities at the carnival:

Fortune telling, Carol Corothers; bingo, Norma Robertson; penny pitch, Carold Olso; bean guessing, Shirley Melicker; white elephants, Pat Russell; drive-a-nail, Grace Domenici; basketball, Carol Clarke; tin can alley, Shirley Filippo; hoop-la, Joan Levy; prize stand, Virginia Klepfer; bean bag throw, Jo Ann Van Vliet; candle dousing, Marjorie Duncan; hand writing analysis, Margaret Malone; side show, Elaine Duckering; darts and balloons, Nancy Findlay.

There also will be refreshments at a booth under the supervision of Barbara Sturman, Carolyn Sturman, and Wilma Heatlie.

Saryl Corrick is chairman of the committee in charge of posters and publicity.

Derham, Parshall Take Honors In Ticket Sales

First and second places in the San Francisco Area Council in the sale of tickets to the Scout Exposition held May 5 and 6 at the Cow Palace were won by Charles Derham, 320 tickets, and Donald Parshal, 272 tickets, both members of Troop 249, Boy Scouts of America, Daly City.

Troop 249 finished in first place in the San Francisco area with the sale of over 550 per cent of its quota.

Airplane rides over the Bay Area, a Bay cruise on a navy ship, a trip to Playland, and scouting equipment, are among the prizes to be awarded the winning salesmen.

The commission money from the sale of the Exposition tickets will be used to buy scouting equipment for the troop.

The following members of Troop 249 marched in the May Day parade and participated in the flag raising ceremony: Bert McKenna, Lary Neuner, Donald Pennington, Orin Wakefield, Donald Parshall, Phillip DeLucchi, Donald Perrin, Walter McArdle, Billy Gensel, Charles Derham, Hermann Pelz, Michael Dotterweich, and Michael Traxler.

Troop 249 Mothers Club reports the booth at the high school grounds was a great success. Proceeds from the sale of homemade cake, pie, and coffee, was turned over to the scout committee for the troop treasury.

Troop members are busy assembling camping equipment for their weekend camporee to be held May 19 to 21 at San Mateo Memorial Park.

Patrol members are working on group projects including a bulletin board, candelabra, knot board, and publicity book.

Troop 249 is a community sponsored group. Parents of the scouts are invited to attend the troop meetings held every Thursday at 7:30 at Bellevue Hall.

If you keep a list of out-of-town numbers, you'll find calls are put through much faster—often in 30 seconds.

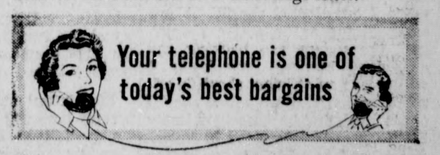
TIPS FOR TOP LONG DISTANCE SERVICE

Ways to save money and minutes on out-of-town calls

1. **Reduced rates begin** at six in the evening . . . and between six and seven is a good time to call. Long Distance rates are low. And nights and Sundays are a particularly fine bargain. For $2.00 or less (plus tax) you can make a station call anywhere in the country. After the first three minutes, time is charged by the minute . . . not as another three-minute period.

2. **For best service,** place your call with the operator like this: First, tell her the name of the town you're calling . . . then the telephone number (or the name and address). Next, if it's a person call, give her the name of the one you want to reach. And if you've made notes ahead of time, you'll find you can say as much in three minutes as in an average letter.

3. **When you call** across the country or across town, you're using a service that's a finer value than ever before. With your telephone, you can reach twice as many people as 10 years ago. You can call more of the people you want to call . . . more can call you. And at rates that make your telephone a real bargain.



The Pacific Telephone and Telegraph Company

POLITICALLY SPEAKING

Governor Warren Opens 30-Day Campaign Tour

Governor Earl Warren, in opening an intensive 30-day campaign tour of the State, declared he is seeking reelection on the basis of training, experience, hard work, and a knowledge of California problems—not "grandiose promises which cannot be fulfilled."

Just before starting on a trip which took him into the Mother Lode country, the Central Coast counties and the San Francisco Bay area, the Governor said in a talk to key officials of his administration and members of his staff:

"I am going to the people to ask for a vote of confidence. I will neither claim perfection nor promise the millenium, because neither is possible in government.

"I will not compete with any candidate who promises everything under the sun and at the same time promises a reduction in taxes. Every thinking person knows that those two things don't go together.

"I will promise no magic, because there is no magic in government. It takes training, experience, hard work, a knowledge of the problems, and devotion to duty to get things done. Magic is an artifice practiced either by beginners or charlatans.

"We can take a fair amount of pride in what has been accomplished in the past seven years—in our highway program, in our program of building needed schools, colleges, hospitals and institutions, and in the many other ways in which we have met the demands which the unprecedented growth of California has thrust upon our State Government.

"I will tell the people how these programs can be pushed to a successful conclusion in a very short period of time. I will promise the people only that we will do our best. I believe that is all the public expects of its servants—that they have an understanding of the problems of the people and that they work hard at them, in the general interest and not in any special interest.

Spiller Writes An Open Letter

Robert "Bob" Spiller's open letter to Francis A. Raymond, San Francisco Examiner reporter and KVSM radio "eavesdropper" and to the voters of San Mateo County.

As candidate for Sheriff of San Mateo County in the June 6 election, and as such interested in the "rumors" you distributed in your Sunday, May 7, broadcast, Francis, I am entitled to ask these questions and to ask your answers, for myself and for the voters and for the other candidates for this important office.

Why, Francis, after you told us publicly you are too busy as a newspaperman and a radio newscaster to assist any candidate's campaign—do your radio comments and newspaper columns always slant to favor the policies and subterfuges used by the McGrath machine? Did you not say you were completely "neutral" in this campaign?

Why do you make such clumsy propaganda as your Sunday statement that one rumor "which refuses to be downed" is the rumor that San Francisco and Reno gamblers are backing a leading candidate because McGrath has consistently refused permission for such gamblers to operate in San Mateo county? Name names, Francis. So the voters can decide whether you are voicing factual news comment or political propaganda. And name names, Francis, when you mention the gambling interests which have operated so openly and for so long a time in San Mateo County since the present sheriff has been in office.

I have spent what money has been spent in my campaign—except for several less-than-one-hundred-dollar contributions from personal friends——out of my own pocket.

What distinguishes my campaign is the effort put in on behalf of my candidacy by a real army of friends and supporters who are willing to devote time and work to further my candidacy in the name of good government.

I am campaigning on an easily understood platform—Good Government. I have sworn again and again, and I repeat it now, Francis—that I will destroy organized gambling in San Mateo County when I am elected sheriff. I am campaigning as an active sheriff, and the voters are backing my candidacy because they know I will create an efficient sheriff's administration with an active sheriff at its head, and because they know I am honestly interested in juvenile aid and in complete coperation with all other law enforecent agencies.

(signed)
BOB SPILLERS

Ferko Supported By All Groups

San Mateo county assessor candidate Leo Ferko, former mayor of South San Francisco, today made public the list of sponsors who form the framework of his county-wide organization. Community leaders from all parts of San Mateo county have an active part in his campaign.

In his first attempt at public office Ferko was swept into the South San Francisco mayor's chair with the biggest vote ever accorded a candidate for city councilman. He declined to seek election this year as he was busy campaigning for the position of county assessor.

Ferko's sponsors include:

SAN MATEO: Councilman George Mann, H. W. Darnley, Ernest Funke, Edward H. Hoffman, Glen McCaffery, Frank Ingersoll, Jr., Dave McCullough, and Gertrude Jones; and Ed Orack.

WOODSIDE: Robert Bresch.
DALY CITY: Dino Agresti.
MILLBRAE: J. M. Mangin, Jr., Councilman J. T. Kilpatrick and Franklin Ohem.
SOUTH SAN FRANCISCO: H. E. "Ric" Venturi, Emmons McClung, and Leo Cortesi.
SAN BRUNO: Councilman Francis C. Murphy.

DeSalvator Wages Active Campaign

One of the most active campaigns in the history of San Mateo County is being waged on behalf of Charles DeSalvatore, Burlingame-San Mateo automobile executive and candidate for county controller at the June 6 election, according to an announcement today from his campaign organization. Hundreds of volunteers are covering the county, the organization said, in the interests of DeSalvatore's election as controller.

They pointed out that the candidate himself is working night and day contacting civic, community and other organizations, and individuals on his policies for improvements in the controller's office, which has come in for considerable criticism from recent county grand juries. Reports have it, DeSalvatore's backers said, that the present grand jury's report will be no exception.

Sunday the controller candidate was the guest of the Peninsula Social Club at its annual dinner and dance. He was introduced to the more than 400 members attending by District Attorney Louis B. Dematteis.

Hempstead's Bid For Election

County Assessor, O. B. Hempstead's bid for election at the polls on June 6, got underway this week with the formation of a county-wide citizens' committee who will aid in his campaign.

The group, under the chairmanship of Ralph E. McClinton, are actively supporting the present assessor because of his outstanding record during his term in office.

McClinton said that in his opinion Hempstead has fitted well into his important role in county government and has carried on the duties of a particularly difficult public office with honesty and fairness, thereby gaining the respect of local citizens.

Hempstead is a former bank executive who joined the Assessor's office in 1945 and as a result of proven ability was soon elevated to the assistant's post. Upon the death of former assessor, Martin Flynn, Hempstead was appointed head of the department by the unanimous vote of the present Board of Supervisors.

McClinton stated that Hempstead's banking experience, where he specialized in real estate and personal property, plus his five years in the Assessor's department, merits the favorable consideration of county voters at the balloting next month.

Cloud Gives Support To Hall

The active campaign now being carried on throughout the county to elect Henry C. Hall to the office of county school superintendent, today received the support of one of this state's most honored and distinguished educators, Roy W. Cloud, former San Mateo County Superintendent and Executive Secretary Emeritus of the California Teachers Association.

Cloud stated that Hall, because of his long years' of service in county schools as classroom teacher, principal, assistant County Superintendent for the past six years and member of the County Board of Education, has the best qualifications for the position of County Superintendent.

Cloud said that 85 per cent of the educational work of the county school superintendent is directly related to the elementary level. He cited this as one of his principal reasons for backing the candidacy of Hall.

Bocci States

Thomas L. Bocci, Attorney at Law, who is a candidate for the office of Justice of the Peace this coming June 6, has in the past several years made an extensive study of Court procedures, and in the event he is elected to this office he pledges the following policies:

1. To represent all the people without regard to wealth or influence of any litigant, and with impartiality toward all.
2. To administer justice with understanding and courtesy.
3. To expedite the work of the Court toward the end that all cases will be tried as soon as possible.
4. To administer justice pursuant to the rules of law, and at the same time to temper justice with mercy in proper cases.
5. To use the influence of this office to prevent problem of juvenile delinquency that now besets us, and to participate in all civic functions that have as their primary purpose the correction and prevention of this problem.

Labor Council Endorses Bocci

Business, labor and professional groups through official endorsement action are marshaling their suport behind attorney Thomas L. Bocci, Jr., in his campaign for Justice of the Peace of the First Township of San Mateo County.

Over the weekend an announcement was made by the San Mateo County Labor Council for Political Education, an affiliate of the AFL, unanimously endorsing Thomas L. Bocci, Candidate for this office, by an overwhelming vote.

This labor council comprises all of the various county and local AFL unions active in this county. The endorsement of the labor council is implemented by direct mailing to every registered member of the unions, setting forth the reasons why Thomas L. Bocci, deserves the support of all voters.

In addition thereto Thomas L. Bocci has been endorsed by Daly City Merchants Association and various groups of professional men including City Attorney, Frank Blum of Daly City and Attorney Thomas B. Gallen.

Tormey Campaign In Full Swing

James R. Tormey's campaign for San Mateo County Superintendent of Schools at the June 6 voting went into full swing this week when over 1000 volunteer workers were supplied with campaign literature, according to Col. J. L. Connolly, U. S. A. retired, campaign chairman.

According to Col. Connolly, who heads the 1,000 members of the campaign committee which is directing the drive to elect Tormey, the volunteer workers will distribute campaign literature and contact voters throughout the county.

"Take Politics Out of the School," is the slogan being used, the chairman pointed out today: "Citizens from all walks of life are volunteering to help elect Tormey because they know he will take politics out of the schools and provide the vegorous leadership and business administration which are necessary for the welfare of the county's children.

"Tormey is a 40 year old, vigorous and experienced educator and school administrator. Because citizens of the county know his qualifications, they are volunteering help elect him as head of the county school system. The candidate is a former teacher. As organizer and director for 14 years of Adult Education at the San Mateo Junior College, he is experienced in problems of curiculum and administration in both elementary and secondary education. Thousands of people of all ages have attended adult education courses in the 30 locations throughout the county directed by Tormey and know personally of his qaulifications for the office of County Superintendent of Schools."

FARMER — "His leadership and vigorous interest in agriculture merits the vote of every farmer."—R. R. Abernethy, Williams.

Ruth Kirste Tells Recorder History

Back in 1856 when San Mateo County first was organized all documents filed with the county recorder were carefully transcribed from the original and entered into the recorder's books by hand, according to County Recorder Ruth Kirste, speaking today of the progress made in the recorder's office since the founding of the county.

The office, she explained, has come a long way, and now ranks as one of the most modern in California.

In the first year of the county's existence there were few documents recorded. Today document recording has soared to more than 60,00 a year. The first document ever recorded was a deed for property. Now, the county recorder's office records not only deeds, but mortgages, liens, vital statistics, contracts and virtually every type of document known.

Miss Kirste explained that the cost of operating the office of County Recorder dropped from $124,107 in the last fiscal year to $94,020 for the present fiscal year, a saving of some $30,000, while the fees collected by the office have increased by more than $10,000 during the past fiscal year.

County Recorder Kirste pointed to the fact that the cost of operating her office this year will be $94,020, while the fees she will collect will exceed $165,000. She explained the office not only pays its own way, but this year will return a profit of more than $50,000 to the taxpayers. This is made possible, Miss Kirste declared, by long experience, economy and efficient practices.

She was appointed to the office last year upon the death of T. Clark Rice, after serving under him for more than 15 years in virtually every position in the office, until Mr. Rice appointed her as assistant recorder.

Ruth Bradley States Platform For Supervisor

Three important issues of the day were placed well to the fore in the platform announced today by Ruth M. Bradley, candidate for Supervisor representing the Second District, but to be elected on the basis of county wide voting.

Major platform points emphasized are: sane economy, full employment, and vastly extended industrial expansion in the county.

A successful business woman with years of experience in employer and employee negotiations and sponsored by a large employer group, Mrs. Bradley emphasizes in her talks before organizations and groups that there is a need on the San Mateo County Board of Supervisors for a business woman to handle the county's business.

Mrs. Bradley's declared position on county government: "Let us all work together to make San Mateo County a greater and better place in which to live. With the help of all of us this can be accomplished."

Group Of Vets Back Rapsey

Joseph M. Madden, service officer for the American Legion, today announced that a group of veterans from San Bruno, South San Francisco, and Coastside organizations had been formed to further the candidacy of Judge Rudolph Rapsey who seeks to succeed himself to the all important post of First Township Justice of the Peace.

First Township District Court is located in South San Francisco. Its jurisdiction covers that city, Daly City, and an area westward to Sharp Park.

In announcing the committee of which he has been named chairman, Madden said:

"As a City Judge of many years in San Bruno, then as a Justice of the Peace, Judge Rapsey has attained the respect and admiration of those of our citizens who want their courts to function according to the precepts of law and human understanding, not to political whim."

Judge Draper To Lecture

Superior Judge Murray Draper, who seeks to be retained in his judicial post in the June 6th Primary election, has been invited to lecture before the evidence class in the School of Law at Stanford University.

The invitation was extended to Judge Draper by John B. Hurlbut, professor of law at the university. Judge Draper has accepted the invitation and will lecture before the Stanford law students on May 12 on "Courtroom Appreciation of the Law of Evidence."

It was also revealed by the committee that Judge Draper has received endorsement of the United A. F. of L. Political Committee of San Mateo County.

Judge Draper already has the endorsement of the San Mateo County Unit, Pro America.

Green, Gaggero Named Anderson Co-Chairmen

Organization work on a non-partisanship basis was being completed today for a Citizens Committee for Congressman Jack Anderson, with chairmen named for the various communities in San Mateo County.

E. L. Richardson, prominent San Mateo an is general chairman while Mrs. R. E. Pettingill, also of San Mateo, is the organizing head of women's clubs within the county.

The committee, alert to the fact that Anderson, in previous campaigns for election, has polled more than a million votes as compared with a total of 396,127 polled by his ten opponents, realize that in the county today there are hundreds of new residents ready to stamp their approval to his independent, conscientious and intelligent representation of the people at Washington. Jack Anderson, who now is 46, has been elected at the primaries for four previous terms.

Regardless of party affiliation, anyone within the 8th Congressional District of California, has found that a letter sent to Anderson's office in Washington is promptly acted on and its contents pursued to the complete satisfaction of the writer, provided the request is fair. He is today the second ranking member of the entire California representation in the House. Federal officials respect him.

Community chairmen with committees being organized include: Herbert Schauer, 547 Miller Avenue, South San Francisco; Jame Paul Green and A. J. Gaggero, co-chairmen for Daly City.

The Marine Exchange Lookout Station at Land's End, San Francisco, has a telescope with a 30-mile range.

President Roosevelt's Board said—NO!
President Truman's Board said—NO!
Still the leaders of the Railroad Firemen's Union say—"STRIKE!"

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "horse-feathers"!

• The reckless leaders of the firemen's union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act.

This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected—after months of hearings—by a Board appointed by President Roosevelt in 1943.

It was again rejected in 1949 by a Board appointed by President Truman.

Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

Union Leaders Defy Intent of Law

The union leaders helped write the Railway Labor Act. Yet in an attempt to jam through this scheme of pure "feather-bedding" by leading the members of their union out on strike and threatening paralysis to large areas of the nation, they are defying the spirit and intent of the very law which they helped to create.

This strike is not for higher wages. It is a strike to force the railroads to employ many more thousands of firemen who are not needed! It would be indefensible waste. The railroads have refused to place this additional and unnecessary burden on the public.

But more important than any other consideration, is the action of these few irresponsible union leaders in seeking to force a crippling strike upon the nation for their own selfish purposes.

There is no other possible answer to such a demand but "No!"

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employes on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible drive in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen.

This is certainly one of the silliest strikes in history!

Earl B. Whitmore Campaign Covers San Mateo County

San Mateo county saw a lot of Earl B .Whitmore, candidate for sheriff, during the past week.

Whitmore, who has nine years law enforcement background and FBI schooling, was on the welcoming committee of a dedication, was guest of a number of county service clubs, and addressed an improvement club.

Whitmore was a member of the Redwood City American Legion's welcoming committee at the dedication of their new building on El Camino Real in Redwod City, Sunday, April 30.

Monday noon he was guest at the San Carlos Kiwanis luncheon, Tuesday at the South San Francisco Lions' luncheon and Wednesday non attended the San Carlos Lions' mid-day meeting.

Thursday evening, Whitmore was one of four county candidates who spoke before the La Honda Improvement association at La Honda. Earlier during the day he toured the entire Coastide.

Labor Gives McGrath Support

Labor in San Mateo County is throwing strong support to the campaign of Sheriff James J. McGrath, who seeks reelection in the June 6th Primary election.

In an official communication to Sheriff McGrath, John C. Healy, President of the United Political Committee of San Mateo County, wrote:

"You have received the endorsement of the United A. F. of L. Political Committee of San Mateo County.

"This endorsement may be used by you to further your campaign in any way which will assist you to be elected.

Sheriff McGrath received the notice of the labor endorsement with the comment:

"It is good to know that I have the support of labor in this campaign. . . a campaign that has been marked by a vicious smear campaign which is being directed against me by certain political interests.

McGeein Optimistic About Campaign

Mrs. Mildred McGeein is most optimistic about the progress of her campaign for Trustee of the Jefferson Union High School District.

In contacting various groups and individuals around the District she was greatly impressed by the intelligent and constructive discussions about school affairs. The people in the District are interested in the education of their children and desire progressive leadership.

The vast number of people moving into the Jefferson High School District indicates increased enrollment for the high school. The newcomers are fortunate in moving into a district with a long history of a successful and carefully planned school program.

Mrs. McGeein is most anxious to continue to build on this solid foundation. Her role as a community leader in youth and public welfare ventures has enriched her background sufficiently to qualify her as a schol trustee.

Catskill Mountains

Catskill mountains attain a maximum height of 4,205 feet.

(Pub. May 11, 1950.)

COLD STORAGE—Freezing Manhattan weather provides outdoor cold storage for a 20-pound lobster brought in from a fishing trip about 100 miles southeast of New York. The giant lobster is displayed by Joe Sullivan, crew member of the fishing boat Felicia.

OBITUARIES

Maria S. Cecchi

Funeral services were held Wednesday for Maria S. Cecchi, 75, who died at her home, 25 Garibaldi street, Monday evening.

She was the wife of the late Celestino Cecchi, and mother of Adolph Cecchi of Millbrae and Orlando, Celestion, and Gina Cecchi of Colma and Daly City.

Services were held from the chapel of Valente, Marini, Perata & Co., with requiem mass at Holy Angels Church.

Interment was at the Italian cemetery.

Furnace Fire Only Blaze This Week

Only one small fire was reported by the hose hoisters this week.

The fire occurred at 10:14 a.m. Tuesday, when M. S. Johnson, 401 WestLake, reported the furnace in his basement was smoking.

In a matter of minutes the Daly City firemen "cooled" off the furnace, and returned to their stations.

Damage was at a minimum, the department reports.

SAN DIEGO TROUT

Trout season opened with many fishermen doing well in San Luis Rey Creek, Pauma Creek and Doane Lake, all of San Diego territory, reports the National Automobile Club. San Luis Rey Creek in the Indian Reservation has been producing some native trout up to 15 inches.

TROUT FISHING GOOD

Anglers working Kern County found the smaller streams high but clear, with the National Automobile Club reporting very good fishing in Erskine, Basin, Posey and White River. This area is proving popular with fishermen this year, even though fishing on the Kern river opening weekend was not good due to high and roily water, however bait brought in nice fish near Kernville.

Eagles Teen-age Dance Coming This Saturday

Another of the ever popular Eagles "Teen-Age" dances is to be held in the Eagles Hall, 3346 San Jose avenue, this Saturday evening.

All teen-agers whose parents belong either to the Eagles or Auxiliary are invited to attend. They may bring their invited guests.

Tickets for the dance may be had, free of charge, from Tom Rae, Eagles secretary, at the Colonial Gift Shop, 6272 Mission.

Music, furnished by the Eagles own band, will begin at 7:30 p.m.

This dance is only for the younger set, and parents are asked to leave the hall after they bring their children.

STAY IN LANE

By selecting the desired lane upon entering a multiple lane highway and staying in that lane except for passing, National Automobile Club declares many motorists ca nsave breath-taking escapes and accidents. Weaving from one lane to another will inevitably lead to a wreck.

WATCH TRAIN SIGNALS

Railroad crossing signs are installed for the protection of motorists, warns National Automobile Club, in urging drivers to Stop, Look and Listen and obey the signals warning of approaching trains.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on May 24, 1950, at which time they will be publicly opened and read in the Assembly Room of said building, for culvert installation on Sate Highway in accordance with the specifications therefor, to which special reference is made, as follows:

San Mateo County, on Alemany Boulevard, at Westlake Subdivision, in Daly City (IV-S.M-56-D1C), a culvert to be installed.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Classification	Rate per hour
Apprentice (oiler, fireman or watchman)	$1.94
Carpenter	2.225
Cement finisher (journeyman)	2.20
Concrete mixer operator (up to one yard)	1.94
Concrete mixer operator (over one yard)	2.24
Flagman	1.55
Laborer	1.55
Operator of jackhammers—vibrators and all air, gas and electric tools	1.675
Operator of power shovel and/or other excavating equipment with shovel-type controls (up to and including one yard)	2.59
Operator of power shovel and/or other excavating equipment with shovel-type controls (over one yard)	2.69
Reinforced steel worker	2.25
Tractor operator	2.29
Truck driver (8 cubic yards water level capacity or more)	2.20
Truck driver (6 cubic yards less than 8 cubic yards water level capacity)	1.83
Truck driver (4 cubic yards and less than 6 cubic yards water level capacity)	1.74
Truck driver (less than 4 cubic yards water level capacity)	1.61
Any classification omitted herein not less than	1.55

Overtime—one and one-half (1½) times the above rates.
Sundays and holidays—one and one-half (1½) times the above rates.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

NOTICE TO CONTRACTORS

Advertisement for Bids

NOTICE IS HEREBY GIVEN That the Board of Trustees of the Jefferson Elementary School District of San Mateo County, State of California, will receive bids for the erection, construction and completion of eight classrooms and administration unit upon public school property located at Market St. and Hillside Blvd., Colma, San Mateo, State of California, including all necessary labor, materials, services, transportation, etc., each bid or proposal to be in accordance with plans, drawings, specifications and other contract documents now on file in the Office of the Superintendent of Schools for said School District, at the office in the existing Administration Building, 344 Santa Barbara Ave., Daly City, San Mateo County, California, where they can be examined, and with Mario Ciampi, architect, 333 Kearney St., San Francisco, California, and copies of same may be obtained from said Architect at 333 Kearney St., City and County of San Francisco, State of California, upon deposit of $20.00 per set, which deposit will be refunded upon return of such copies in good condition within five days after the bids have been opened.

Bidders are hereby further notified that pursuant to the Statutes of State of California, or local laws thereto applicable, it shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the general prevailing hourly wage rate and the rate per diem wages and rates for legal holiday and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract awarded to the successful bidder, and all bidders are hereby further notified that they must ascertain from the proper authorities the said wage rates before submitting their bid. Bidders shall set forth in the bid the name and location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each sub-contractor.

Each bid shall be made out on a form to be obtained at the office of said Superintendent or at the office of said Architect, at the addresses hereinabove set forth; shall be accompanied by a certified or cashier's check or bid bond for not less than 10% of the amount of the bid and made payable to the order of the said Jefferson Elementary School District, shall be sealed and filed with the said Superintendent of Schools at this office on or before, Thursday, June 1st., 1950, at 8 o'clock p.m. of said day, and will be opened and publicly read aloud on Thursday, June 1st., 1950, at or about 8 o'clock p.m. of that day in the office of said Superintendent.

The above-mentioned check or bond shall be given as a guarantee that the bidder will enter into the contract if awarded to him and will be declared forefeited if the successful bidder refuses to enter into said contract after being requested to do so by the said Board of Trustees.

Successful bidders on labor and material contract work will be required to furnish, in the amount of fifty per cent (50%) of the contract price a Labor and Material Bond, and a Faithful Performance Bond in the amount of one Hundred per cent (100%) of the contract price; said bonds to be secured from a surety company satisfactory to the Board of Trustees.

The Board of Trustees reserves the right to reject any or all bids or to waive any informality in a bid, or to award a contract on the basis of the proposal which serves the best interest of the School District.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated at Daly City the 27th day of April, 1950.

MICHAEL C. CALLAN
Clerk, Board of Trustees
(Published in the Daly City Record May 11, 18, 25, 1950.)

NOTICE TO PAY ASSESSMENTS

NOTICE IS HEREBY GIVEN That all owners of real property liable to be assessed to pay the costs and expenses of the improvements described in Resolution of Intention No. 1190 adopted by the City Council of the City of Daly City on January 9, 1950, are hereby notified that on April 4, 1950, the assessment and diagram to pay the cost and expenses of said improvements was recorded in my office.

Said assessments are due and payable immediately at my office, City Hall, Daly City, California, and must be paid within the period expiring June 5, 1950.

In the event of the failure to pay before the expiration of said period, serial bonds to represent the unpaid assessments and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued pursuant to the Improvement Act of 1945, the last installment of such bonds shall mature nine (9) years from the second day of January next succeeding the next 15th day of October following their date.

STATE OF CALIFORNIA

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the City Clerk of the City of Daly City, California, at the City Hall, until eight o'clock p.m. on Monday the 22nd day of May, 1950, at which time they will be publicly opened and read, for construction of a water system and appurtenances in Concordia Land Company and Adjacent Territory in said City.

No bid will be received unless it is made on a proposal form furnished by the City Engineer. Each bid must be accompanied by cash, certified or cashier's check, or bidder's bond made payable to the City of Daly City for an amount equal to at least ten (10) per cent of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract.

All bids are to be compared on the basis of the City Engineer's estimate of the quantities of work to be done.

Forms of proposal, and specifications may be obtained at the office of the City Engineer, 2383 Broadway, Redwood City, California.

The special attention of prospective bidders is called to the "Proposal Requirements" being a part of the specifications, for full directions as to bidding, etc.

The City of Daly City reserves the right to reject any or all bids.

Letter to the Editor

Fire Chief Thanks Community For Support

Editor:

I wish to thank the many people who attended the annual Firemen's Ball last Saturday night.

They will be glad to learn that the dance was the most successful affair ever staged by the Daly City Fire Department. Most of the credit must go to those who so generously purchased tickets for the dance.

All money from the event is to go to the Widows' and Orphans association. And I am certain the women and children who benefit, also would like to take this opportunity to thank the good people of Daly City.

It is indeed gratifying to know that the community spirit still runs high in Daly City.

Yours for an even bigger and better dance next year.

Elmer Kennedy
Chief, Daly City
Fire Department.

RACING WASTES GAS

Don't race your engine while waiting for the light to turn green, advises the National Automobile Club. Let the other fellow get away first if he wants to—and and waste gas.

CONNECTING STREET MEET CALLED

Broadmoor Residents, Association, To Discuss Westlake Road Route

A mass meeting to discuss the controversial Broadmoor-Westlake connecting street has been called for today, Thursday, May 11.

The meeting is to be held at the Broadmoor Community center at 8 p.m. All interested parties are asked to attend.

Outcome of the conclave is expected to be a stand, one way or another, by the Broadmoor Property Owners Association on the proposed street. Earlier, the Association board agreed some street was necessary, but refused to say where the street should be located.

To date, close to 900 Broadmoor resident have signed a petition asking the county board of supervisors to block the road. They claim the street, which is to run between the new Garden Village school and the upper Garden Village school, will be a menace to students.

On the other hand, the county planning commission believes that some connecting street is necessary, and the "school" route is the most feasible at this time.

A. J. Bodien, member of the commission, announced today that the members would make a special field trip to Broadmoor Friday afternoon, May 12. At that time they are expected to reach a definite conclusion as to whether or not to recommend the street go through.

The planning commission's next regular meeting is Friday, May 19. Then, they probably will recommend the connecting street to the board of supervisors. This is tantamount to an order, as the supervisors rarely rescind a recommendation of the commission.

As proposed by the commission, the street will connect Broadmoor and Westlake at about 300 feet east of White, north west to the Westlake shopping center, thence north west to the innersection of Highway No. 1 and Skyline boulevard.

More Members Needed For D. C., Broadmoor Band

One of the loudest, best bands in the May Day parade this year was the famous Daly City Band.

However, unless some new members are forthcoming soon, the band may have to disband, George Brener, bandmaster, said today.

Anyone, in or around Daly City, who can play an instrument is invited to joint the Daly City Band.

To date four new members have joined. They include: W. A. Groferer, 218 Thiers; Steve Bodieve, 75 Hillcrest drive; Earl Taylor, box 502, Colma and Lowell Coy, 1569 Alameda, San Carlos.

"This is a starter, but we need 15 or 20 more new members," Brenner said.

Those interested in joining the band may do so by calling Brenner at PR 5-6043, or by attending a regular Tuesday night rehearsal, 8 p.m., Fire Station No. 5, Oliver street and Bellevue avenue.

COLMA --- BROADMOOR GARDEN VILLAGE

Jenkins Elected New President Of Broadmoor Property Owners Assn.

Thomas W. Jenkins, Broadmoor attorney, is the new president of the Broadmoor Property Owners Association.

Elected unanimously, Jenkins was one of four new officers chosen at the annual election last Friday evening. Fewer than 150 people attended the election.

Other new officers include: Don Hager, vice-president Howard Richardson, treasurer; Frederick Hilger, secretary.

New members of the board include: James W. Thomas, 868 Beachwood drive; Hilger, 607 Midway; Grant Holman, 983 Foothill drive; Ben Blount, 1208 Nimitz drive.

Following the election, Past President Richardson was presented with an engraved gavel by the new president. The gavel was presented in the name of the Association, in appreciation for the services Richardson has rendered the people of Broadmoor over the past year.

An interesting note of the election was that the most votes cast for any one candidate except where unanimous was 35. There are aproximately 1,000 families living in the greater Broadmoor area.

OJAI

Ojai, California, is reported by the National Automobile Club to take its name from the Indian word for "nest," which describes the valley in which this beautiful little town lies.

Feature Film Coming Saturday

A feature film, "The Sickle or the Cross" will be presented by the Broadmoor Lutheran Church at the Broadmoor Community center Saturday, May 20.

There will be no admission charge for the movie, which is to begin at 8 p.m. However, a free-will offering is to be taken.

Produced by the Lutheran Laymen's League of the Lutheran church, the picture portrays vividly the conflict between Communism and Christianity. A talented cast of top-flight artists are featured.

Meanwhile, the same evening, the Mothers' Club will serve a spaghetti dinner at the center, beginning at 6 p.m.

Mothers' Club Meeting Friday

The meeting of the Mothers' Club of the Broadmoor Lutheran church is to be held this Friday, May 12.

Scheduled for last Friday, the meeting was postponed, until this week. The conclave will be held at the home of Mrs. J. W. Hirshberg, 612 87th street.

Mothers of Sunday school children, and ladies of the church are invited, and are asked to bring along any old clothing they may have for the world relief drive.

Sunday sermon topic at the church will be "Prayer That Is God-Pleasing."

Italian-American Council To Meet At San Mateo

The Council of Italian-American Clubs of San Mateo County will hold an open house at the Peninsula Social Club Hall, 100 B street, San Mateo, Friday, May 19, at 8 p.m.

All the political candidates are invited to attend and introduce themselves. There will be music, songs and dance. Admission free. It will be a very interesting evening.

You, your family and friends are invited to attend.

KEEP RIGHT

Driving in the furtherest right hand lane on a multiple lane highway will be an aid to the motorists safety states National Automobile Club. Required by law this rule prevents unnecessary passing on the right and possible accidents.

USE CURB SIDE

When leaving the vehicle, National Automobile Club warns motorists to get out on the curb side, rather than step into the street and endanger their lives.

TROUT IN SONOMA COUNTY

Many trout fishermen were in evidence in Sonoma County opening week, reports National Automobile Club. Most productive streams, with fine limits being yielded, are Austin, Upper Ward and Bear Pen Creeks.

GIVE AR SIGNALS

Motorists are urged by National Automobile Club to give a full arm signal as required by law, not just a hand signal, when changing direction or stopping.

AROUND THE VILLAGES

with Verna Duste

Well, the "speakin' and votin'" is over in Broadmoor — at least temporarily, with a new set of officers and four new directors. Didn't see you there, tho—where were you?

The Pink-and-Blue Department this week has blossomed into quite something! Stand by.

The John Markmans proudly claim Donald John for their very own—arrived April 19, he did, weighing 9 lbs. 4 oz. "soakin' wet." Paul Joseph Avila came to the Joseph Avilas on Ellis Drive on April 29, claiming 8 lbs. 4 oz. as his weight.

Jeffrey Michael Nevelow is Maddux Drive's latest addition to the Broadmoor population—all 7 lbs. 6 oz. of him—as of April 29th. His parents are the Stanley Nevelows.

As of May 2, the Harold Waters announce the arrival of Michael Raymon, weighing 8 lbs. 10 oz. That's up on Sweetwood.

The VFW's regular monthly Canasta party came early this time—Tuesday, May 9, as per usual at the Colonial, with some MYSTERY ???? entertainment promised. More of this next week (a la Earle Stanley Gandner!)

May 5 the girls of the Auxiliary of the VFW Lake Merced Post entertained at the home of Mrs. Maryan Patey for Mrs. Estelle Harding, Junior Past President of the Auxiliary. After a delicious luncheon, the girls were entertained by the very charming Barbara Haygaard, who sang.

The Legion Auxiliary gals have done it again—the Bake Sale has been pronounced a "huge success" by no less personages than the customers—and who should know better? We saw Tom Jenkins skulking into his car with a marvelous-looking chocolate cake, and I'll bet Anne found some bites gone out of it when it arrived home on Nimitz Drive, took! Tsk, tsk, Mr. President!

John Patrick Murphy, recent addition to the Vincent P. Murphy family, was christened Sunday, April 29th, with a host of admiring relatives and friends on hand. Godmother was Lucille Maguire and godfather John Murphy, while the rite was performed by Father Flavian, of St. Joseph's Hospital. As Vi put it, "My, such a gathering—never saw such a bunch of people in all m'life!"

Speaking of bunches of people—the Nollis and Brugges must be feeling just about equally tuckered out this week. Bobby and Jacqueline Nolli received their First Communion on Sunday, May 7th, as did Colleen Brugge, so their respective parents entertained with communion breakfasts. The Brugges had fifteen, and at last reports the guests were still filing out of the Nolli house.

Incidentally, that smoke cloud hanging over Heather Road is **not** fire—it's Iris Nolli's sewing machine cooling down after being worked off its wheel stitching up communion garb for the two children, as well as Jackie's costume for the May Day Parade.

Our hats are off to all the valiant mothers of the area who worked so valiantly to make the lovely and interesting costumes represented in the Daly City Parade Sunday.

Saturday night was the scene of a party at the Claude Hanrahans' —and not just "any" party, either —the members of the Board of Directors (the former Board, that is) and their wives gathered to celebrate the cessation of their duties (in three cases) and the continuation of others. The Toschis, Manises, Markoviches, Jenkinses, Hagers, Alexanders, of course, the Hanrahans, and the Richardsons were there—in fact, the whole Board was there, except yours truly and the Great Man, and where were we??—being wined and dined by friend Mr. Felix Kraus, who recently completed his final season with the Houston Symphony, and who we guested over the weekend. Darn it, we hear we missed a wonderful party!

Mrs. William Cordano, over on Louvaine, hostessed a lingerie bridal shower for her sister, Miss Dorothy Cordano, who is to be married in June. The event had double significance, since Mrs. Cordano Sr.'s birthday also falls on that day.

In the "Happy Birthday" Department we find, although a day or two too old for balloons and hot dogs—Association Treasurer Howard Richardson, who celebrates his birthday on May 9th, and Mrs. New-Director Helen Holman May 6th.

Keneth Detler, all of two years old, celebrated on May 6th with a small party for his friends on Midway Ave.

Scott Parker (isn't that a nice euphonious name??) over on Stewart, was nine years old with all the trimmin's on April 29. Hot dogs, pop, ice cream, and a double-header ball game after!! Boy oh Boy!

Many happy returns to you all, Birthday Children!!

Bon voyage to Reverend and Mrs. Glasse, who will leave early next week for the East, where they will have a busy time of it!! By the time they have assisted at one son's ordination, officiated at the wedding of another, baptised the child of a friend, and just plain rested, the Glasses will have been away for six weeks of well-earned vacation (combination business and pleasure!) Have a wonderful time, folks, you deserve one.

Mrs. John Faust is still enrolling members in both the advanced and beginning classes in sewing, so if you Broadmoor or Garden Village ladies are interested, call Mrs. John Faust at PL 5-4643.

So! On that little domestic note, we'll leave you for the nonce. Selah!

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

Here is the latest information on the widening of Geneva Ave. There were seven bids put into the county for finishing up the job of widening below Schwerin St. The bid went to Charles E. Harney Inc., of San Francisco. He submitted the low bid of $39,540.00.

The highest bid submitted was $46,247.88. Giving Harney Inc., the bid must be OK'd by the Board of Supervisors, but it should be awarded very shortly, and work must start 10 days thereafter. The agreement reads that work should be completed within sixty calendar days.

You will find an open letter to you voters in this addition that was written by Mrs. Berta Hughes, a candidate for the Bayshore Elementary School Board. Mr. David Barry, the other candidate for the office, was asked if he would write an open letter also. Mr. Barry stated that he did not feel that he could add anything to the fact that he has been a resident of Bayshore for the past eight years, a World War II veteran, and the father of two children.

Voting at your school elections is a very vital factor in your way of life, and taking an interest in the children is important to tomorrow's good government. Drop down to the school auditorium anytime between 1 a.m. and 7 a.m. next Friday, May 19th and vote.

ERCEG WEDDING

We gave you a bird's eye view of the Erceg wedding two weeks ago, and Allen F. Johnson is mad. He read in this column that his bride, Theresa Ann Erceg had married Anthony Mathew. This information shocked him. He thought she had married him. He has been trying to find this snake in his garden of Eden. I have at long last uncovered the facts, and about time too. Anthony Mathew is none other than Anthony Mathew Erceg, father of Theresa Ann. So sorry Allen, but I think I have you officially ball and chained this time.

Mr. and Mrs. Stone, of 179 Rio Verde are going up to their summer place on the Russian River this weekend with a party of friends. We understand that this is a pretty regular outing for them. They also have a six room place at Lake Tahoe, but Mrs. Stone says it is too far for short trips, so if any of you want a home at Tahoe, let us know.

CENSUS TAKERS

Some of the census takers are still hard at it. Mrs. S. Dalie took on the job here in her own balliwick but now they have transfered her to Brisbane. When they transfer her to Los Angeles, she can start writing us post cards. This only goes to show you that there are a lot of people.

Mrs. Eva Stern came up from Los Angeles to spend a week with the Frank family. Lots of news after a three year lapse in visits.

Nella Scatena and her husband have a place on the Sacramento River. They invited people up last week-end, and among the takers were Frank and Dot Scatena, John and Esther Armas, Bruno and Myrtle Scatena, and Dot and Arley King. They reported a nice time.

Tiny Hughes is sporting her husband's new Mercury convertible. Better talk Phil into letting you keep the old V-8 Tiny. You can't have the new one.

Guy Harrington is seriously ill at the Community Hospital, and Mrs. Harrington lacks transportation. If any of the valley people should be going down towards San Mateo in the afternoon, give Mrs. Harrington a ring at JU. 4-3616. She would appreciate a lift.

CUBS

We are very proud of our Cubs. They maintained a 98 per cent average for all three performances of the Scout Exposition just held at the Cow Palace. Won themselves a Blue Ribbon by golly.

Mrs. D. Barry gave a bridal shower last Friday evening for Elaine Sellers, soon to be bride of Bob Parres, clerk at Scats Market.

Mrs. A. Anderson, mother of Mrs. T. Yaley, left Monday to return to her home in Joliet, Ill. The Yaleys were in hopes she would stay here, but she has half promised to return in the fall, so they may talk her into it yet.

Watch those wheels at the curbs fellas. We've had three runaway cars on the hill in the last couple of weeks. Too much of a good thing.

GIRL SCOUTS

The Girl Scouts are going to give Mother an evening away from the stove as a Mother's Day gift. Scout Mothers have been invited to the school auditorium next Monday evening, and the girls are baking the cakes, making the sandwiches, etc. Sounds like fun for all of them.

Our Camp Fire Girls are going to take part in a program to be given at Union Square on Friday, May 12th. There will be a large chorus, and some lovely voices heard by those who wander down that way.

The Baptist Church will have a Family Nite on Wednesday, May 17, at 7:30 p.m. They are showing a film titled "Salt Of The Earth," a story of life in a mining center. This Sunday morning will be a Mother's Day Service, with the message "Family Fellowship." Sunday evening will be "Expedient Things."

Bertha Hughes Addresses Voters

OPEN LETTER TO THE VOTERS OF BAYSHORE

Friday, May 19, you will go to the polls to elect a school trustee for the Bayshore Elementary School District. I should like to ask for your vote in that election.

I have never before run for any public office, although for the past 15 years I have taken an interest in civic activities in this community. Our school program has particularly interested me, and I have tried to familiarize myself with the school code of the State of California.

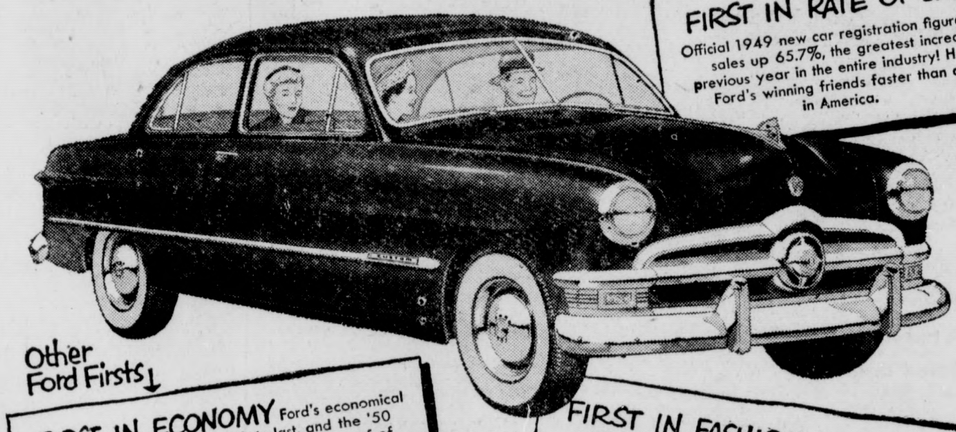
In an effort to bring about better conditions for our children, I have worked with the people at the school. On several occasions I campaigned from door to door throughout the district on issues concerning our school. I feel that there is still more to be achieved. My interest does not stop at the elementary school level, but continues to higher education.

I have been a resident of Bayshore for 20 years, and I am a graduate of Jefferson Union High school. (At present, my son is a student at Jefferson.) I have served as President, Vice President, Recording Secretary, Corresponding Secretary and Parliamentarian of the Bayshore Parent Teacher Association. I have had ten years business experience which I feel should be helpful to me if I serve in public office.

Through the kindness of the Daly City Record I have given you my qualifications to seek the position of Trustee of the Bayshore Elementary School District. I hope to have your support.

BERTHA HUGHES

FORD'S WINNING Friends Faster THAN ANY OTHER CAR IN AMERICA!



FIRST IN RATE OF SALES GAIN
Official 1949 new car registration figures show Ford's sales up 65.7%, the greatest increase over the previous year in the entire industry! Here's proof that Ford's winning friends faster than any other car in America.

Other Ford Firsts

FIRST IN ECONOMY Ford's economical to buy and to own. It's built to last, and the '50 Ford is thriftier than ever. Here's certified proof of Ford's great gas economy: In the recent 751 mile Mobilgas Grand Canyon Economy Run, supervised by the AAA, a Ford Six with Overdrive* won the economy championship of its class—the three full-size cars of the low-price field. *Optional at extra cost.

FIRST IN FASHION For the second straight year Ford was awarded the New York Fashion Academy Gold Medal as "Fashion Car of the Year." And Ford is the only car ever to be so honored two years in a row.

FIRST IN VALUE with the quietness and quality you'd expect of only the costliest cars. Just listen to the solid thud as you close Ford's secure doors. Relax on the new non-sag, foam-rubber cushioned front seat! Then check Ford's easy handling and solid roadability. "Test Drive" it today for the smooth and lively power of either of Ford's great engines—the famous 100-h.p. V-8, or the advanced 95-h.p. Six.

Come in Today and see for yourself...
"TEST DRIVE" THE '50 FORD it's a revelation!

1950 FORD

There's a Ford in your future —with a future built in

NEVILLE MOTORS

7360 Mission Street PLaza 5-4813

THERE'S A STRING ATTACHED--Pictured at Chicago White Sox spring training camp at Pasadena, Calif., is this "batting tee" —the new gadget for driving players "bats." Outfielder Gus Zernial is getting exasperated as the ball comes back like a yo-yo each time he hits it, but it helps the young hopeful develop a sharp eye at the plate.

Roosevelt To Give Street Corner Talk

James Roosevelt, Democratic candidate for Governor, will give two street corner talks and address a night meeting in San Mateo County Saturday, May 13, it was announced this week by Frank Rose, San Mateo, chairman of the county Roosevelt campaign committee.

Roosevelt, tall, lanky Democratic National Committeeman for California, is scheduled to appear at 3 p.m. in Daly City and at 4:30 p.m. in Menlo Park. The night affair ,in Redwood City, is slated to start at 8.

Speaking from his converted Army truck-trailer, in which he has made more than 200 appearances throughout California already, Roosevelt wil 'throw his street-corner meetings open to question an answer periods, with "no holds barred," the county chairman said.

YOUR RESPONSIBILITY

Legally and morally every driver is obligated to do what he can to prevent an accident, even though another driver or a pedestrian may be entirely in the wrong, points out the California State Automobile Association. Accident prevention is every driver's responsibility.

California produces 129 different kinds of grapes commercially.

Corn Storage

Extra corn storage may be found in discarded rail stock cars.

STRICTLY FRESH

WELL, it won't be long now until most of the strikes people are howling about will be called by the umpires.

• • •

The director of the United States Mint doesn't look with favor on the proposed 2½- or

7½-cent pieces. In other words, the mint wants no change in its change.

• • •

A Chicago wedding featured a cake-arch that the wedding party walked through. Think of all the dough wrapped up in that one.

• • •

Uncle Sam is dying the surplus potatoes blue before destroying them. Is that, maybe, in honor of the taxpayer who feels that way because of the $100,000 he paid for them?

Free Gardenias, Low Prices This Week End At Belli

Free gardenias for milady are being offered Saturday at the new Belli Market, 7283 Mission.

The beautiful, fresh gardenias will be given to the first 200 women to enter the streamlined Market Saturday, May 13. So hurry, the number of flowers is limited, and you won't want to miss getting yours.

Reason for this extraordinary offer can be found on the shelves of Belli. The gardenias are to accent a sale of Del Monte garden canned goods.

The Del Mote garden sale begins Friday, and will continue through to Saturday night.

Hence, everyone is bound to get something at almost for nothing. For Del Monte is offering 10 of its best sellers at special reduced prices.

The 10 Del Monte items can be found in the Belli advertisement in this issue of the paper. Turn to it. Look at the sale. You will be surprised at the savings you can make by coming to Belli this weekend.

There are some 4000 meat packing companies in the United States.

CONCERNING CLIMBING

An engine that has to labor in climbing a very steep hill in high gear is often harmed more than its owner's pride is satisfied, declares the National Automobile Club.

Free Trip To Reno Offered At Dance Saturday Night

Fly to Reno free of charge with anyone of your choice.

That is the principal prize which will go to one lucky person attending the "Copa Cabana" dance this Saturday, May 13. And in case you don't have the time to take a vacation, the alternate prize will be a crisp $50 bill.

The dance is being sponsored by Lake Merced Post No. 9921, and will be held at Colombo Hall, Colma, from 9 p.m. to 1 a.m. Saturday.

But regardless of whether or not you win the free trip, you are bound to be a winner in entertainment. The Post has obtained the services of Tony Martin and his fine orchestra in addition to a floor show.

Principal of the floor show will be Roberta Davidson, teacher of the Les Williams Dance studios in San Mateo. Roberta will sing and present several dancing numbers.

Carrying out the motif of a night club, the ladies of the Post Auxiliary have decorated Colombo hall in the manner of the famed Copa Cabana club. This will give the dance an intimate feeling, so often lacking in large dances.

Tickets for the affair cost little more than a movie, and can be obtained from any Post member, or from Mrs. Jack Kellecher, 1727 Louvaine drive, Plaza 5-2949.

LEAK IN BATTERY CELL

Battery cells are not above springing a leak now and then, points out the National Automobile Club. If, in having the battery filled with water, one cell consistently needs more than the others, the chances are that it is leaking. The remedy is to take the battery to an expert and have it repaired at once.

The first State Board of Forestry was created in 1883.

Poss To Speak Throughout County

The county-wide campaign in support of the re-election of Supervisor Martin A. Poss, moved into high gear this week with the announcement by Hugh A. Wayne, co-chairman of Poss' campaign committee, that the incumbent supervisor is scheduled to make more than a dozen appearances during the next 7 days before civic and club groups throughout the county.

Poss' long and distinguished record as a public official, Wayne said, merits the support of county voters in the forthcoming June balloting. Wayne pointed out that Poss' activities in county and city projects during his more than 35 years of community service has aided immeasurably in the growth and development of the entire peninsula area.

A former businessman himself, Pos has always insisted that county administration be done on the same strict "full dollar value" basis as that of private enterprise.

PASSING PARKED CARS

When passing parked cars or other roadside obstructions to vision, motorists should exercise caution, advises the National Automobile Club. If children or careless adults run out from behind such obstructions the motorist should be prepared to stop in time to avoid hitting them.

About 90 per cent of America's buaxite comes from Arkansas.

Sgt. Price Named To Safety Post

Appointment of Sergeant Jack Price of the Burlingame Police Department, as Chairman of Accident Prevention for the San Mateo County Chapter, American Red Cross was announced today by William T. Taylor, Chapter Chairman.

Accident Prevention is part of Safety Services and it was Joe Aliamus, chairman of that department, who was instrumental in interesting Price in this volunteer position.

Chief Theuer of the Burlingame Police Dept. also approved the appointment of Sgt. Price and assured the American Red Cross of his cooperation in methods of promoting this phase of Safety in the county.

Price said today, "I consider it an honor and a privilege to serve the Red Cross in the capacity of Accident Prevention Chairman."

Aliamus pointed out that, due to his past experience, Sergeant Price is particularly fitted for his new post. He is starting his 11th year on the Burlingame Police Force where he has had the rank of sergeant for seven years. He has been in charge of traffic safety and accident prevention for the past three years. His pet interest is school safety.

STRICTLY FRESH

A SENATOR reports military experts plan an alternate capital in case Washington is atomblitzed. The senator says he would like to see the proposals brought forward "in a concrete form." And preferably *reinforced* concrete, eh, senator?

• • •

The blood of a person 80 years old has traveled about 5,000,000 miles. Nothing, except maybe a sailor, ever traveled so far and saw so little.

• • •

Auto makers are beginning to think about building smaller cars that the average American can better afford. But, whenever did Americans limit themselves to buying cars they could afford?

• • •

Brazil sometimes solves its coffee surplus problem by using it to fire railroad engines. In the U. S., only the housewives get steamed up over coffee—prices, that is.

TAKE EXTRA CARE

If you've never driven a car, be particularly careful when you walk in traffic lanes. According to the California State Automobile Association, nine out of every ten pedestrians killed in traffic are non-drivers who fail to understand the problems of the driver in seeing and avoiding pedestrians.

LOW GASOLINE MILEAGE

Old and badly worn or fouled spark plugs cause poor car performance and reduced gasoline mileage, warns the California State Automobile Association.

Answers to TEST YOUR I. Q.

1. The size number of a hat is determined by adding the length and width of the crown, in inches, and dividing the result by two.
2. A scone is a thin cake baked on a griddle.
3. No; although for several months each winter ice forces navigation to halt.
4. It's a new nation carved out of the long east-coast area of French Indo-China.
5. Daniel Carter Beard.

Serra Mothers Plan Carnival

Serra High school's fifth annual spring festival will be a double header, according to an announcement made today by the Mothers' and Fathers' clubs of the school.

The carnival will open Saturday, May 20, and wil continue through Sunday. Extension of the festival was ordered because of last year's turn away business, Lyle Kenny, Fathers' club president and general chairman of the event, said today. Co-chairman is Mrs. Stanley Stebenne of the Mothers' club.

Mrs. Lloyd Silva of San Carlos and Mrs. Charles Greenan of Redwood City are in charge of the doll booth. Co-chairman of the stuffed toys will be Mrs. J. P. Kenneally of Redwood City and Mrs. A. P. Gouailhardou of Burlingame. Mrs. E. W. Adams of Burlingame and Mrs. James Schoonmaker of Redwood City are co-chairmen for the cake booth; Mrs. Earl Giguere of Burlingame, fish pond, and Mrs. R. L. Griffiths and Mrs. Norman Earl of San Mateo, candy.

Proceeds from the carnival, which is an annual affair sponsored jointly by the Fathers' club and the Mothers' auxiliary, will go to the school's athletic and library funds.

ON GUARD

When driving, don't let yourself be caught off guard, urges the California State Automobile Association. Be watchful of traffic conditions and be prepared for any action that may be necessary to prevent an accident.

STRIPED BASS ANGLERS

Striped bass anglers enjoyed excellent luck along the Sacramento River in the Sacramento County area last week, according to the National Automobile Club. Many sizable fish were taken.

The wooly mammoth, giant bison, ground sloth and camel are believed to have roamed the plains area of the United States 25,000 years ago.

Fire Alarm Boxes First Line Of Defense

The community lacking a dependable fire alarm system is openly inviting disaster.

This warning was sounded today by Fire Chief Kenedy of Daly City who said the main cause of big fires is the delayed alarm. Flash fires or explosions are rare, and most fires start small.

Summoned in time, fire fighters generally can put out the average blaze with the stream from a single hose, Chief Kennedy declared.

"The telephone lulls citizens into a false sense of security," he maintained. "Phoned alarms are often delayed, garbled or misdirected. Conecting wires can be burned out. Something else can go wrong mechanically. You may even have difficulty getting your connection. Remember, too, a person phoning in an alarm may be so excited, he can't be understood. To make matters worse, he may hang up without giving a hint of the location of the fire."

On the other hand, Chief Kennedy pointed out, the best fire defense in any community is an adequate fire alarm system, with alarm boxes conveniently located at all points of fire hazard. He said the modern fire alarm box is virtually foolproof and can send an instantaneous and accurate message under such adverse conditions as a short circuit or broken wire.

Precious minutes saved in sending the alarm may mean the difference between a comparatively minor blaze and a great local tragedy. Familiarize yourself with the box nearest your home or place of employment. The time lost locating a box in time of need may mean the difference between life and death to someone, or a minor loss or a total loss of property involved.

SURF FISHING EXCELLENT

Surf fishing has been excellent at Santa Cruz during the past week, reports the National Automobile Club.

(Paid Political Adv.)

Young Boy Hit By Car Friday

A seven-year-old Daly City boy suffered slight injuries last Friday when he was struck down by a car at San Jose and Bepler, police report today.

Injured was Ronald Page, 6224 Mission. Junipero Serra hospital authorities report young Page only suffered slight cuts and abrasions on his forehead.

The driver of the car was Gene P. Giaccini, 726 Plymouth avenue, San Francisco, police said. According to officers Giaccini allegedly struck the boy as he was crossing the street.

The San Francisco driver is to appear in police court this Friday to answer charges of hitting a pedestrian, police said.

(Paid Political Adv.)

TROUT FISHING ON LAKES

Trout fishing was fair on Lake Almanor and good on Butt Lake as the season opened on these two lakes, reports the National Automobile Club. Most anglers were having best luck with bait and trolling.

Mountain Lake, a Government-protected sanctuary for ducks and gulls, is inside the San Francisco Presidio.

Elect THE Man Who Is - - -
QUALIFIED, EXPERIENCED and ACTIVE
Earl B. **WHITMORE**
as your SHERIFF of San Mateo County

An ACTIVE Sheriff For EFFICIENT, FAIR and EQUAL Enforcement of the Law

● Nine years experience in law enforcement.
● Local FBI sponsored school training.
● Investigator for Provost Marshal office in World War II.
● Resident of San Mateo County for 26 years.
● Veteran, and family man.

WHITMORE'S STATEMENT: "I am sincere in my ambition and desire to bring modern methods and a business-like administration to the all-important office of Sheriff if elected by the people of San Mateo county. I pledge an administration built on a foundation of JUST, FAIR and EQUAL enforcement of ALL laws for the best interests of ALL our citizens. I realize and understand the necessity for an evenly balanced law enforcement program."

COASTING DOWNHILL IS DANGEROUS

Many motorists, points out the Public Safety Department of the National Automobile Club, seem to feel that by disengaging their engines and by letting the long pull of gravity do the work on the downgrade they can save themselves a little gas. Such motorists should remember that a car that is coasting can far too easily get out of control, the brakes can go and then comes the wild careening ride that almost inevitably ends in disaster. It is all very well to save a little gas, but don't try to do it in such a way you will have to pay for it with your life.

Georgia is the largest state East of the Mississippi River.

Callan Outlines Program For Best Educational System

Emphasizing the necessity of abolishing double sessions, Michael (Carter) Callan today outlined his platform for reelection to the Jefferson Elementary school district board, May 19.

He asserted the one and only way to end "swing shift" education is to build more schools. With the student population expected to double before the end of 1951, approximately 130 more classrooms are needed at once.

The school board, on which Callan has served for the past 1½ years, has plans drawn up for six new schools in the area.

"To date these plans are merely specifications and architects drawings," Callan noted. "I promise, if I am reelected, to carry the job to its conclusion. . . to take the schools off paper and see them constructed."

During his term with the school board, Callan has taken an active part in bringing the need of more class rooms to the attention of state officials. He is well known in Sacramento, and feels he is in a good position now to carry through to completion the buildings for which he has laid the paper work "foundations."

But of equal importance to any school district is the calibre of teachers in that district. Callan has pledged himself to continue his efforts to staff Jefferson elementary district schools with the best teachers available.

"Only a district which offers teachers the best living conditions can hope to have the best teachers," Callan observed. "Therefore, I shall continue to do everything in my power to see that instructors get a 'proper break' in this district."

And these are not just idle words. While he has been on the board Callan has assisted teachers by getting them a higher wage scale and fighting for an improved retirement plan.

The third large factor in a good school system is proper recreation facilities. Callan has always believed that schools must build healthy bodies as well as healthy, alert minds.

Even before he was appointed to the school board, Callan took an active part in organizing sports in the schols. He coached several basketball teams and was instrumental in seeing that playgrounds were provided ajacent or near the schools.

"In the plans for the six new schools I have made certain that more than adequate space was left for playgrounds and recreation facilities," Callan said.

The truth of this statement can be seen in the new Garden Village school, which boasts of one of the finest playgrounds in the district.

Also, not to be forgotten is the additional space for recreation at Woodrow Wilson annex and Crocker, all of which Callan called for as a member of the school board.

These, then, are the three basic principles of the best school system. . . an adequate number of schools, fine teachers, and an excellent recreation program.

All of these Callan has brought to the Jefferson elementary school district during his term with the school board. But the job is far from completed, and Callan asks for your vote May 19 so he may minish the work he was instrumental in beginning.

In next week's Record Callan will state other issues in the election, and point out to voters the exact place they may cast their ballots May 19.

DANGEROUS PASSING

Drivers who pass other cars when there is insufficient clearance ahead, pass on the right side of cars on a two-lane highway, pass at intersections, when approaching the crest of a hill, or when rounding a curve, make of passing a thing of death and destruction. Wise drivers, points out the National Automobile Club, realize the dangers inherent in passing, take every precaution, pass only at a safe speed, and when the road is straight and open.

A Place For You US Navy Has

The Navy assures qualified high school graduates of a course in one of its many vocational schools upon completion of their basic Recruit Training. In addition to Basic Submarine and Airman Schools there are over 30 other schools available.

Suppose you're interested in aviation. If you're a high school graduate it's simple. All you do to get into Naval Aviation is to walk into your Navy Recruiting Station and tell them that you want to go to Aviation Fundamentals School. Since only the best men get chosen you will then be given various tests to find out if you're one of the best. If you pass these tests and are between 17 and 31 years old you will be sent to the Navy's Aviation Fundamentals Schol as soon as you finish Recruit Training.

But Naval Aviation isn't exclusively for High School graduates. It doesn't make any difference how much education you've had—if you can pass the tests you can make the grade.

For complete information on this program telephone or visit your local U. S. Navy Recruiting Station. Post Office Building, San Mateo, Phone DI 4-2781.

Vets In School Receive Advice

Veterans of World War II in San Mateo County who have only a few months of entitlement remaining under the educational provisions of the GI Bill of Rights are advised to consult Floyd D. Granger, Veterans Service Officer, before making their plans for Summer Session this year.

If a veteran entered service from California or was born in this state, he may be eligible for state assistance as well as federal, Granger explained. By using part of his state entitlement to school aid during the summer, he may be able to "stretch" his GI Bill benefits for as much as several weeks beyond the time they would normally expire.

"For example," he said, "if a veteran wants to go to school both this summer and next fall and has only ten weeks of entitlement left under the GI Bill, he would use up six weeks of that during the Summer and then have to pay tuition and fees out of his own pocket for all but four weeks of the Fall term. However, if he uses his State aid for the summer session, conserving all his federal entitlement for the Fall term, he will be able to take the entire Fall term at Government expense because he has enough entitlement to carry him past the midpoint of a semester."

Daly City Cleaners Acquire Latest In Equipment

Quick to realize the value of a new method, the Daly City Cleaners, at 6287 Mission street, have installed the latest development in dry cleaning equipment, it was announced today by Hal Willis, head of the plant.

At a cost of over $10,000, a Martin Dry Cleaning Unit and a Clari-Filter, manufactured in Buffalo, New York, are now in operation in the Willis establishment, turning out spectacular work in a matter of minutes.

Hal invites everyone to come to see the marvels—the only ones in San Mateo County—as he describes his machines. One must view them in action to appreciate them, he explained.

In only 30 minutes, a load of 50 pounds comes out spanking clean, Willis explained. That is why he is able to assure a completed job within two hours.

Next, the temperature never surpasses 80 degrees, a vital consideration in cleaning. Certain spots are most difficult to remove, once the cloth is heated above luke warm. Secondly, there is very little, if any shrinkage when a moderate temperature is maintained.

Hal revealed that along with the machines, he has obtained a new detergent put out by the Dupont interests that is revolutionary. It is called Perchlyethylene, is much heavier than others, and thereby penetrates the materials better.

He explained that previously he had used a solvent that was lighter than water, which, of course, rested on top of the cleaning vat. His present detergent stays at the bottom thus being forced upward through the clothes.

Moreover, the new cleanser is largely accountable for the brightness of colors, after a garment has gone through the new machine. It gets out every bit of foreign matter and at the same time leaves no deposit.

As for lint, a cleaner's nightmare, virtually all of it is removed by a special attachment in the Martin machine. This also lends toward the brightness of colors.

Lastly, Hal spoke of the filtering apparatus, stressing that the gauges showed just how clean the fluid is—absolutely clear. He said that is one reason why everyone should come to his shop and see operations for themselves.

County Recorder Breaks Even With Marriages

Although the County Recorder handled as many marriage licenses last month as the same time one year ago, the number of papers filed went from 4,686 to 6,270.

There were 100 marriages reported at the office during April, 1950, as compared with an equal number for April, 1949.

However, there was a noticeable increase in the amount of fees. They went from $12,160 in April, 1949, to $17,434 for last month.

Chevrolet Reaches New Daily Output

A new daily output record of 8,431 passenger cars and trucks was established by the Chevrolet Motor Division in April, T. H. Keating, general manager, reportde today, as the company continued its blistering production rate.

Nine times during the month daily volume topped 8,000 units, Keating said, a level reached only once previously in Chevrolet history.

Total production for April hit 166,844 passenger cars and trucks, exceeded only by March of this year on company records.

Air Parcel Post For Overseas Personnel

Postmaster John F. Fixa today announced that the Post Office Department has been informed that due to a temporary reduction in military air lift from the present time and ending about June 1, 1950, it may not be feasible to transport air parcel post by air from ports of embarkation to military and naval post offices overseas.

Therefore, during this period no assurance can be given that air parcel post addressed for delivery through Army Post Offices or Navy Post Offices will be carried overseas by air, and such matter shall be accepted only upon the understanding by the mailer that it ma ybe transported by surface means form the port of embarcation. Air transportation will, of course, be given such parcels within the continental United States.

LIVING DANGEROUSLY

If you must live dangerously, declares the National Automobile Club, don't do it on the highway. Here living dangerously can too often mean maiming injury or sudden death.

San Francisco ranks second as the nation's coffee market.

Ice Follies Waltz Now Has Words

The famous "Swing Waltz," musical trademark of the Shipstads and Johnson "Ice Follies of 1950," which opens at San Francisco's Winterland Wednesday night, June 7, has been given words.

The "Swing Waltz," one of the popular features of the "Ice Follies" since its inception 13 years ago, has continually grown in popularity. Numerous requests for sheet music of the song have poured in, and always the producers of the show have had to answer that it was not available in sheet music form.

Now, though, something has been done and, for the first time since it was written by Josef Strauss in the 1800s, this captivating and lilting song has a set of lyrics, especially written for the "Ice Follies of 1950" by Larry Morey.

MONTEREY COUNTY TROUT

Most anglers in the Monterey County area were taking good catches as the season opened there, reports the National Automobile Club. Those working along the streams near the coast seemed to be having the best luck.

Quick Study

A sound stage training is behind the convincing interpretation of appealing little "Chi Chi", which Teri Keane gives on NBC's "Life Can Be Beautiful" every weekday afternoon. Lively Teri is also an accomplished singer and started out with the opera as her goal. She still keeps up the discipline of reguiar voice study, in addition to her busy career — and uses up extra energy at her favorite hobby, refinishing antique furniture.

LUNCH HOUR IN THE PARK

By Ridgely Cummings

The pigeons circle languidly over Civic Center and a girl with blonde hair pauses by the drinking fountain. Her yellow tresses swing forward as she stoops to drink from the insufficient stream and two park bench loungers eye the back of her calves and her right-angled figure appreciatively.

The loungers look at each other and grin and look back at the girl. I am sitting on the next bench and I look too, at the girl and then at the men and then at the girl again.

She must sense our stares for the straight stiff legs bend at the knees and she goes into a crouch from the right-angled bend, a crouch which is less pleasing esthetically. Then she straightens, first bending up from the hips and then taking the crouch out of the legs.

She tosses her head and the yellow hair falls back into place. She throws a quick look at the benches, at the two middle-aged men in worn, nondescript clothes who are obviously unemployed and killing time and at me who am presumably reading a two-bit book during my lunch hour but am actually using the book as a disguise for observation.

She gives us a quick look, a glance with a curious mixture of tenacity and explicitness, and pats her hair with her right hand. Then she strides self-consciously past us, eyes lowered, swinging her bag in her left hand.

I study the loungers and read their minds. Cute, they are saying to themselves, young and cute and she has a job. Not for us who are no longer young and not working.

BOOKISH TYPE

She is about twenty-five and I would guess she works in the City Hall or the Federal Building or maybe the library. Yes, that's probably it, the libary. She looks the type who would be behind the desk in the reference room, even though she's not wearing glasses. She has that tense, inward-turning look.

The girl walks on down the gravel path to the end and turns toward some benches in the shade. It is warm and sunny, one of the early spring days, and I wonder what gloom is upon her that she deliberately seeks the shade on a day like this.

While I'm watching her I can't see the companions on the other side of me so now I turnback, ruffle the pages of my book and examine the pair.

Both are wearing felt hats. Both have reddish, work-hardened faces. One stares through steel-rimmed glasses. He is wearing a brown coat, blue vest, blue trousers, striped cotton shirt and limp tie. The other has on a heavy overcoat hanging open and revealing mismatched coat and trousers and a sweater.

The way they are wearing their hats gives me the idea that they are foreign born. Although the felt is floppy and spotted they wear them dead center, perched on their heads like a diplomat's homburg. A conservative diplomat who has neither swagger nor verve. The hats are a sort of deposit that might be sitting on the newell of a hand rail rather than a human head. Something left there, in balance, rather than an integral part of the wearer.

EUROPEAN AIR

I've seen the same sort of hats worn the same way on the men who take the sun in the park in North Beach before Sts. Peter & Paul.

When I first sat down I had typed the pair as pensioners and hadn't given them much thought but now, after the interlude of the girl, they seem to look younger. Their hands are heavy, resting torpidly on their knees. The veins are swollen and it is obvious they have done a lot of work. Those of the man in the overcoat look arthritic, with swollen joints.

It is sad to look at them and lunch hour is nearly over. I rise, slip the book in my pocket and stroll in the direction the blonde took. I find her sitting under a tree, sharing a bench with a fat dark woman.

The blonde has her pocketbook open and her mirror out. She is doing something to her eyebrows, which are darker than her hair. She doesn't notice me as I walk by.

The sun is still shining and the pigeons are wheeling and it is time to go back to work. I wish I were a millionaire so I could follow the sun from Key West to Montreal, from Aukland to Papeete.

But it's time to go inside, time to forget the lonely, self-conscious girl, the two men still capable of work sitting out their days on a park bench, pigeons and sunshine.

Another day, another dollar, just another lunch hour

ON NAVY BLIMP —General Omar N. Bradley, chairman of the Joint Chiefs of Staff, receives pointers in piloting U. S. airship as he sits at the controls of a blimp flying several hundred feet over Key West area. (Official Department of Defense Photo)

Martinelli Family Honors Serra High Baseball Champs

Winners of the western division championship of the Catholic Athletic league, Serra High's baseball team, were honored guests at the Martinelli house, 7 E. Market, recently.

Bob Martinelli, son of Mr. and Mrs. L. S. Martinelli, invited the team to diner shortly after they had won the title. On the table was large helpings of spaghetti and chicken, in addition to a special cake decorated with a baseball and two bats.

Honored guest at the dinner was Father Timothy Casey, coach of the mighty nine who April 26 downed St. Peter's High 5 to 1, to win the league championship for the second straight year.

Also present were all the team members and those affiliated with the team, including:

Al Chanteloup, Peter Calegari, Phil Monahan, Bill Kiely, Bob Martinelli, Lester Vaccari, Thomas Monahan, James Alcox, Dick Simoni, Laurie Del Santo, Ted Welp, Melvin Scutero, Faustino Quitevis, John Cassidy, Emile Giacchino, Jim Hill, and Father P. Ryan.

This week Mr. and Mrs. Martinelli received a letter of thanks from the varsity team. All the above listed signed their names.

Reilly Honored At Luncheon

A lucheon honoring George R. Reilly, Chairman and First District Member of the State Board of Equalization, will be held at the Sportsmen's Lodge, in Southwood, South San Francisco, Thursday, May 11, at noon. Mayor Paul J. Green of Daly City, chairman of the North San Mateo County Reilly Campaign Committee, announced today.

Reilly, who is campaigning throughout his District for reelection to his present office at the June 6 primaries, is looking forward with pleasure to this opportunity to meet and confer with his friends and supporters from the northern end of the county.

The luncheon is open to men and women and a capacity crowd is expected. Chairmen Green suggests that folks attending the luncheon should arrive at the Sportsmen's Lodge early in order to obtain god table positions. Mr. Reilly will hold a reception following the luncheon in the spacious lounge of the Lodge.

For ticket reservations and further information call or write the Sportsmen's Lodge, Southwood, South San Francisco, telephone JUno 8-8713.

ANCIENT MOUNDS

The strange symmetrical mounds to be seen near the seashore along the Oregon coast are reported by the National Automobile Club to have been created by Indian tribes in centuries long before the white man came to this area. At that time the Indians would converge at various coastal points to partake of great feasts of shell fish and would throw the shells into common piles that became even bigger as the years went by. These mounds range in age from 150 to 500 years and are protected by law against amateur archeologists and curiosity seekers.

Think SAFETY every time you step into a car or walk across a street. If you think SAFETY you will have a much better chance for staying SAFE. . . **Green Cross.**

THE WINNER—AND STILL CHIMP!—In this game a fellow should protect himself against card sharks, so it doesn't hurt to keep a few cards in reserve should the opponent start cheating. Here we have one great mind pitted against another—a critical moment for Canasta and the prestige of the human race. Can you spot the missing link?

NEWS FROM THE SCHOOLS

CROCKER

Crocker School's "open house" for Public Schools' Week brought over 200 parents and friends to the buildings on Tuesday, April 26.

Student officers and room representatives acted as host and hostesses, and the activities and work displayed, showed an actual growth of sequential advancement in the various curriculum fundamentals, since the opening of the school year last September. The color scheme carried out in the halls of blue and yellow, with mammoth size butterflies suspended from the electric fixtures, added to the attractiveness of the display. Aside from the three R's, the science and health, as well as the art program proved of great interest to those who visited the school during the week.

LEGION ESSAY AWARDS

Crocker Student Body proudly reports that four of its members won awards in the recently conducted American Legion Essay Contest sponsored by the Auxiliary. Competing with 7th, 8th, and 9th grade students throughut the district, Jane Kennedy, 4-H, won first place in the essay, "The Signing of the Declaration of Independnece." Second and third place were won by two high school students.

In the essay conducted for 4th, 5th, and 6th graders in the elementary schools of the district, Crocker won all three places. First place was won by Eleanor Backus, H-6; second, by Mary Louise Schiaffino, H-6; and third by Billy Clarke, H-5. Congratulations, winer, for your fine work, and for bringing honor to your school.

CROCKER PARTICIPATES

Representing Jefferson School District, a group of Crocker Students will go to San Mateo to demonstrate some of the correlated safety and curriculum activities taken from actual classroom practice. These activities are part of the science and health material integrated with the fundamentals of language, arithmetic, and research possibilities. Parents of the participants are volunteering to transport students to San Mateo on the morning of May 9th. Naturally, those representing their school will give much time outside of school hours to make the program a success, and representative of the fine work done in the schools of the Jefferson School District.

This past week has been full of excitement for the 5th Grade in Room 3. We have had the pleasure of many visitors to our room to see the maps, murals and movies. The movie of "Peter and the Wolf" has proved most popular. We have also enjoyed visiting the other clasrooms to see the work displayed there.

Billy Clarke has won the Third prize in the American Legion Essay contest. We are proud that Billie's effort has been rewarded and only wish that the others who tried so hard could have won a prize, too.

The walls of Room 4 are losing their Pacific Island look. The pictures and exhibits which were admired by so many people during Education Week are being packed away. Down are coming the grass skirts, the strange animals and fish. And up are going Heavy Bombers and Clipper Ships. The walls are now studded with various types of aircraft. The Sixth Grade is launching its new unit, "Travel By Air."

The students of the Sixth Grade in Room 5 are very proud of Eleanor Backus and Marie Louise Schiafino. Eleanor won first and Marie Louise placed second in the Abraham Lincoln Contest. The students are reviewing the material learned about the Islands of the Pacific before beginning their new unit, "Travel By Air."

Last week Room 5, A. M., wrote compositions on "My Favorite Radio or TV Program." The result showed that most of the people in our class prefer either a program which is very funny or one that is very mysterious and murderous. One student liked to see the baseball games on TV because it was so much warmer than seeing the game from a cold grandstand seat.

David Kruse is now our class president for the rest of the term, having tied with Pat Long at election time. Pat served as president for the first part of the term.

Las week the H-8 class in Room 6 enjoyed the compositions of Beethoven and Rachmaninoff on the califone, a recent gift of the PTA to Crocker School.

They also saw a film called the "White House," which showed the Executive Mansion as it was and as it is today. The main rooms were shown and explained in detail.

Room 1, P. M. Session, is at present studying the formulas for finding the area of triangles and paralleograms. Not only are the formulas becoming a part of their every day vocabulary, but also the construction of the perpendicular and parellel lines is rapidly being put to use in their arithmetic work.

Social studies of the European countries has neared completion and it is with interest that the seventh graders have been learning the various names of places in Europe which have become names of cities in America.

Several students of the 7th grade took an active part in the Safety Program which was held on the 26th of April, among them being Linda Amundsen, Robert Bridges, Jerry Echols, Arleen Callan, James Rector, Reigh Rockey, Arleen Trapp and Darlene Haynes.

LEARN TO LOOK AHEAD

The wise driver knows that he must learn to look ahead, declares the National Automobile Club. He must learn to look ahead to the changing signals so that he can set his pace accordingly and eliminate sudden stops or sudden spurts of speed. He must learn to look ahead to see what's going on up the line for it is usually up the line that the sudden slowing or stopping of a line of traffic begins. In every driving situation the wise driver looks ahead, and stays alive.

PEACE ARCH

Peace Arch, commemorating one hundred years of peace between the United States and Canada, is reported by the National Automobile Club to be located at Blaine in Washington just on the international boundary.

BYRNE SAYS TREAT THE FAMILY

Your Market Is Ready

When you enter this beautiful store you will see some faces familiar to you. The butcher department is still under the same dependable management. However, in the grocery department you will see new faces. People with whom you have never had any dealings with before. The management of the grocery department has operated two other stores successfully for a period of over ten years. Our policy has been to give our customers Quality, Wide Selection, Plus Low Prices, and above all we have always been courteous and friendly. We know we will like you and we hope you will like us.

ECONOMIC NEED

In preparing the HILLTOP MARKET at 6315 Mission Street we felt that we were filling an economic need for your district. We cordially invite you to thoroughly inspect this market from wall to wall. Let us know your reactions and feelings. Tell us exactly what you think about it . . . and we want your criticisms, too. It is you, our customers that we must please.

You will find our shelves stocked only with merchandise of QUALITY, and well known "Trade Names"; for quality is first in importance. You will find a wide selection of food items from which to choose. There is no need to go from your neighborhood to find the food items you desire.

SPECIAL ITEMS

ALONG WITH OUR EVERYDAY LOW SHELF PRICES WE WILL HAVE SPECIAL ITEMS TO OFFER ON WEEK ENDS AT AN EXCEPTIONALLY LOW PRICE. THESE WEEK-END SPECIALS WILL BE OUR WAY OF THANKING YOU FOR YOUR EVERYDAY BUSINESS. WE ARE GOING TO OPERATE ON SUNDAYS FOR THE CONVENIENCE OF THOSE WHO FIND IT DIFFICULT TO SHOP DURING THE REGULAR STORE HOURS. SO COME TO OUR GRAND OPENING, SAY HELLO AND JOIN IN THE FUN. AGAIN WE SAY, HERE'S HOPING YOU LIKE US.

Watchfor our Grand Opening Adv. in This Paper Next Week
